VOLUME 46. CAMERON, MILAM COUNTY, TEXAS, THURSDAY AUGUST 30, 1923. FOURTEEN PAGES. NUMBER 18

Our Town

It is impossible to porgress without change. Therefore, to fight change on the ground that "what was good enough for my father is good enough for me" is to say "there can be no more progress towards anything better. What was, is best."

The schools our fathers attended were the best the times could produce. The schools we attended were better schools. No, the "little red school house," often little more than a hut with benches and a self-sacrificing teacher, who did her best with poor equipment, is giving way to the modern rural school, with good equipment, better educated teachers, and more ample curriculum. With the coming of better means of transportation, more children attend country schools, and for longer periods. As good roads are extended, school facilities must be extended to keep pace with the increased demand. Good roads everywhere, must mean good schools everywhere.

Few farmers fight the idea of better roads, even if they mean an increased tax. But there are some who do fight increased school expenditures with an increased school tax, either because "we haven't any children" or because "the old way is good enough."

There is no such thing as a school "good enough." The best schools we can produce are not "good enough." To admit that anything human is perfect is to claim that no more progress can be made. As today's schools and methods make those of fifty, a hundred years ago, seem puerile and inefficient, so will the schools of the future make those of today seem inadequate.

Fight for, not against the good road, over which children may go to school. Fight for, not against, the better school, in which children can be taught to be better citizens than their fathers. Fight for, not against, an increased appropriation for teachers' salaries, for more and better books, for a longer school year.

The children of today are the America of tomorrow. If indeed, this great Nation is to roll forward to its great destiny as the light of the world in liberty, humanitarianism, and enlightenment, the childish hands which one day will hold the wheel must have the best of opportunities to learn how to steer!

If the lash does not go anarchy is sure to reign in this free land bought by the sacred blood of patriots. Encouraging signs are coming to us from over the country in the fact that judges and the state governments are taking increased cognizance of the alarming increase of law contempt and are moving to redress wrongs done the state. It has now become the duty of every American citizen, full of red blood and worthy of the name to join with the government in putting down masked murders and all contempt and disregard for law. The appeal of an outraged justice and the soverignty of the law is irresistable and all secret organizations, fraternities, churches and open societies may render a profound service to the nation in finding out who is at the bottom of these crimes. If there be such in America who flaunt the laws of the country without regard to the sacred institutions of a free government, liberty under the constitution, bill of rights, right of trial by jury, safety and privileges, they must not live under the shadow of the flag that made the world at last free.

Looking over the record of enforcement of the prohibition laws of Texas, while "Our Town" editor would not like to see Mr. Neff's quo warranto bill passed, yet when we find peace officers of the state protecting the rum business candor demands that we say something should be done to insure the people against duplicity in office. Folks who yell about mob law should turn some of their attention to officers who permit the law to be outraged, thereby becoming as guilty in permitting disrespect for law as the mob member. The relative degree of offense is open to discussion but certainly no defense is possible for officers of this type. Officers who by reason of political expediency curtail their activities in law enforcement because they are afraid someone will vote against them belong to the same stripe as the open protectors of rum.

Paving of such character as will meet the traffic requirements in Cameron seems to have been found in the rock asphalt type now being laid and the city council is willing to match the property owners in leading out in a most commendable way for the development of the city. Let's pave many more blocks.

About all there is to a town is home industry. Had you ever thought about it just that way? Look up your local merchant and buy it in Cameron.

ELECTION CALLED FOR THORNDALE SEPT. 14.

The Commissioners Court has ordered an election to be held in Thorndale on September 14 to vote off the incorporation of the city, recently voted there. When the election was held to vote the incorporation the proposition carried by ten votes. In the election held there two weeks ago to select city officials the opponents of the incorporation were elected.

Now the oponents of the incorporation have secured an election to vote off the incorporation. Geo. W. Peebles has been named judge of the election.

CITY WILL DECIDE ON PAVING PROGRAM HERE

MEETING WILL TAKE UP PLANS FOR EXTENSIVE STREET IMPROVEMENTS.

The city council will meet in called session at ten o'clock Friday morning to discuss paving.

With the completion of the block of asphalt being laid by the Miller Surfacing Company of Houston, the city will discuss whether it wishes to continue the improvement or not.

There has developed a considearble demand for paving among the property owners, especially in the business section and in some of the residence sections.

W. W. Chambers has taken an active part along with others and it is thought advisable to proceed with the matter and determine the action to be taken.

It is likely in view of the favorable attitude of the city council; that a vote will be had to proceed with the paving and to issue warrants for the part the city will be required to pay in the paving.

This paving will cost a total of about $1200 a block and the city's part will be about one half.

Engineers have told the city the gravel street is the best possible base for the paving such as is being laid here.

All citizens interested in the paving project whether for or opposed to the paving are invited to meet with the council for discussion.

ROCKDALE OIL LANDS ARE LEASED THIS WEEK

ABANDONED LEASE NOW SHOWS FOR GOOD PRODUCTION OF OIL.

Rockdale, Texas, August 23.—The consideration being seven wells Dr. H. T. Coulter closed a deal Thursday for a thirty-five acre tract off his seventy-five acre farm leasing to Homer W. Brown et al. The thirty-five acres adjoining the Watson ninety-four acre farm, the two discovery wells in the new Rockdale field being on that tract. M. H. Wilson has the contract and is skidding derrick and moving rig and tools from the Coyle-Concord Company's Lucas lease. A rotary rig is to be used.

Wallace et al. No. 2 Watson is cemented, casing set and will drill in this week. Green sand was entered at about the same level as in the No. 2 Watson, the flowing fifty-barrel well.

Homer Brown, for the San Gabriel Oil Company, Wallace Guthrie contractor, swung the lost tools and 500 feet of cable in the company's No 1 A. B. Brown Wednesday afternoon and brought tools, cable and liner to the top. Predictions had freely been made that the tools would never come out of the hole, which was shut down at 642 feet in the fall of 1921 and never touched since then. The well had been kept bailed and the crude used in making steam while the fishing job was on. Immediately after the tools came out, oil rose in the Brown well to within a few feet of the top. The sand was barely cracked at 642 feet in 1921.

The shutdown of this well put a damper on that whole section, added to the fact that the contractor had said it would not make ten gallons a day. Now, with the well a good producer, activity will be revived. The San Gabriel Oil Company will drill out the 118 acre Brown lease held by it. George Peabody of Eagle Rock, Cal. an Eastern millionaire, is interested with the San Gabriel Co.

Mrs. Paul Webb who has been quite sick following a tonsilitis operation, is reported improving.

RAINFALL OVER COUNTY IS REPORTED VERY LIGHT

LITTLE DAMAGE TO COTTON IN FIELDS BELIEVED TO RESULT.

Rainfall over the County Monday and Tuesday while at first thought to have been heavy was light and practically no damage to the cotton now open in the fields of the county.

The fall in Cameron was .45 and while laying the dust and cooling the air to some extent was not heavy enough to relieve the drouth.

Stock interests over the county report widespread shortage of water on the ranges and the stock suffering for lack of feed from the range. Practically all the cotton crop in the uplands is open and ready for pickers. In the bottom lands and the heavy black and sandy sections, the cotton has not opened to this extent.

Scarcity of labor is reported from all sections of the county and great difficulty will be experienced in gatbering the crop.

NEW HOME OF CAMERON STATE BANK

Looking into the future seventeen years ago and with keen foresight as only outstanding business men may see opportunities, three men of Cameron and Milam county, closely allied with the early history of the county established the Cameron State Bank which in this brief span of years has come to be one of the strong and dependable financial institutions of Central Texas.

The men who visioned this financial success and who saw the need for better banking facilities for the county were T. F. Hardy, Thomas H. Graves and T. A. Robinson.

Two of the original founders of the Cameron State Bank back in 1906 are still active in its interests. They are T. F. Hardy, president; and Thomas H. Graves, vice president and director, and father of Geo. T. Graves, cashier of the bank.

When the bank was founded in 1906 Geo. T. Graves, then beginning his career as a banker, came to the institution as assistant cashier and from this position has progressed to become cashier, a position he has held for a number of years.

Whatever the need for a strong financial institution such as the Cameron State Bank when it was established, its growth and development has justified the faith of the founders and enhanced the financial strength of the city and county to a marked degree.

The original directors of the bank were T. F. Hardy, A. J. Dossett, late compress magnate; W. J. Lane, Geo. L. Lenert, J. C. Joseph, Thomas H. Graves, T. A. Robinson.

There has been little change in the bank management since its founding. R. D. Brown, former cashier of the bank who was succeeded by Geo. T. Graves, is now manager of the Cameron Compress. T. F. Hardy, president of the bank at its founding, is still head of the bank and its interests and he with Geo. T. Graves and Thomas H. Graves own the controlling interest in the bank. The Graves and Hardy interests have always been in control of the bank.

The Cameron State Bank when organized had a capital stock of $30,000 and had on deposit $22 000 and these figures compared with its present resources shows the development it has made.

In 1909 the Cameron State Bank purchased the controlling interest in the Burlington State Bank taking over the Barclay interests. In 1911 the Bank purchased the controlling interest owned by Sharp, Sloan and Wilkerson, in the Bucknolts State Bank.

The bank has prospered and all it interests have grown. In discussing the history of the bank Mr. Graves said: "We feel very grateful to the people for their patronage and interest which has enabled us to grow to our present strength and we shall always be at their disposal as a bank of service."

This is the first improvements made on the building since the bank was organized.

The banking room is built on the most modern plan yet evolved by architects.

The lobby of the room will be built in horseshoe shape with the working space traversing the massive curve and all windows situated at convenient places for the customers. The lobby will be laid in gray tile.

At the rear of the working space will be found the room for the directors and also rest rooms for ladies and gentlemen. All of the wood work is in birch and with mahogany finish the floors being of cement with plaster walls.

The saftey vaults will occupy the space of the old cash vault used by the bank, giving plenty of room with every modern deposit feature for the customers.

The heat for the building will be the Accola system, strictly modern and efficient in every way.

The new vault for the bank will be a two compartment vault to take care of store room and for the cash. This vault will be entered through the mammoth ten thousand pound steel burglar proof door.

At the right of the main entrance will be found the office of T. F. Hardy, president of the bank and to the left the first room will be a consultation room and adjoining this will be the offices of Geo. T. Graves, cashier of the bank.

The building is constructed of stucco design with logia in tile at the entrance. The windows will have massive grates and the logia with seats will make on attractive and distinctive appearance for the banking house.

The color scheme of fixtures for the bank will be mahogany and marble of gray finish. Two sky lights are built in and ventilated for the comfort of the working space and for the lobby.

P. S. Silbers & Co., of San Antonio are the architects; S. Sweigert of Waco, contractors; Mailander & Co. of Waco, fixtures. The vault door was purchased from the Mosler Lock and Safe Co., of Hamilton, Ohio.

YOEMEN TO PLAY WACO AT THE COTTON PALACE

FLOOD CONTROL MEETING HELD IN SAN ANTONIO

T. S. HENDERSON OF CAMERON REPRESENTS COUNTY IN GATHERING.

Problems of flood control in the valley lands of Texas and the conservation porgram inaugurated several years ago were renewed Monday at a meeting held in San Antonio which enlisted in attendance men of influence from all parts of Texas.

T. S. Henderson of Cameron went to San Antonio to represent the Cameron Commercial Club and the county.

Mr. Henderson praised the stand of Governor Neff in the conservation program appropriation saying that it was largely due to him that the Legislature appropriated $600,000 for the work. He declared that the West Texas Chamber of Commerce is due much credit for the State-wide program, since it originated the movement and the Texas Conservation Association. He also eulogized the late Representative Rountree, urging the association to "keep alive" the work which he began.

The Yoemen have just finished one week of preliminary training and will play Waco at Cotton Palace October 26.

There was a large number out clad in foot ball equipment, prepared for training under Coach Perkins.

The schedule for 1923 states that the Yoemen will play Tyson's Waco Tigers at that city October 26. It will be played at the Cotton Palace Stadium. The far famed Tigers will no doubt make it tough for the Yoemen but its dollars to doughnuts that it won't be a walkover for the Wacoans. Yoe High have splendid prospects for a winning squad.

One of the best prospects is Fred Childress, who lettered on the varsity last year; the only one to letter in the Freshman class. Recently at the C. M. T. C. Camp at San Antonio Fred was awarded the honor of being the best all round athlete in camp.

The ones that trained the past week were A. Proser, Ben Reichiert, Clarence Posey, Robert Boykin, Joe Hefley, Fred Childress Fred Young, Wiltz McCown, Clifford Barmore, Richard Vest, Fred Johnson, Arthur Adams, Roy Jeter, Mike Wiley, Sam Cheeves, Glenn Flinn, Elmo Baggett, George Triggs, Alva Howell, Nelson Green Herman Willis, Lester Williams, Gilbert Tindall and Felix Traus.

Flames Destroy Freight Train

At two o'clock this morning near Chriesman on the Santa Fe South of Cameron a freight train with twenty-two cars in the ditch from a wreck Tuesday was being enveloped in flames from a fire started when gasoline from a tank car became lighted.

The origin of the fire is not known but it is supposed some careless person visiting the scene of the wreck dropped a match and the flames were set.

Following the wreck the track was relaid and the passenger trains allowed to pass. It is feared the tracks will have to be relaid again since the fire which at nine o'clock Thursday morning was threatening to burn the entire train of cars.

H. C. Keith local agent for the Santa Fe had no report other than the fire had started about 2 a. m. It was thought at least two cars of gasoline were in the train of wrecked cars and without facilities to fight the flames the entire train will be lost.

KLAN DENIES PARADE WILL AFFECT NEGROES

FRIENDS OF NEGROES SAYS KLAN IN STATEMENT ISSUED WEDNESDAY.

It has come to the attention of the Ku Klux Klan in Cameron that enemies of the Klan in their opposition to a parade have caused to be circulated reports that in the event a parade is held negroes will leave the city.

Coming at this time of labor shortage in gathering the cotton crop enemies of the Klan as at all times of opportunity are using this claim to prejudice the minds of the people against the Klan.

The Ku Klux Klan wishes to assure the public that in the event of a parade in Cameron it feels safe in saying that not one resident among the negroes will leave the city because of the parade and that any demonstration on the part of the Klan will not affect the negroes.

The Ku Klux Klan wishes to assure the negro citizens of Cameron that the Klan is their friend and its membership is made up of men who befriend the negro race at all times. People who by their false representations lead the negro to believe the Ku Klux Klan is seeking to harm the race are enemies of the negro rather than friend.

If the negro is allowed to live his own life without influence from designing superiors his lot will be improved. Certainly the Ku Klux Klan will never take advantage of the negroes to oppress or to harm him as others have done and are doing.

The Southern white man is the negro's best friend, has always been and will always be, regardless of what may be said to cause the negro to forsake the contentment that is his if he remains among his friends who will help him work out his own destiny. The Ku Klux Klan in its great sympathetic justice to all people desires in this way to assure the negroes that they have no better friends than among this great empire of Anglo Saxon, red blooded, one hundred per cent, Protestant American citizens.

CAMERON KLAN NO. 111.
Realm of Texas.
Knights of the Ku Klux Klan.

$100,000.00 IS PLACED FOR COTTON MARKETING

THE CO-OPERATIVE MARKETING MOVEMENT TAKES ON BIG INTEREST.

Dallas, August 27.—Twelve state cotton co-operative associations, members of the American Cotton Growers' Exchange, have arranged credit of $100,000,000 for the "orderly marketing" and delivery of 2,000,000 bales of cotton this year, according to L. F. McKay, director of the exchange's information bureau. This is nearly 50 per cent increase over last year, he said.

The Oklahoma association has a total membership of 50 000 compared with 20,000 last June, and an increase in finances of about 150 per cent over the 1922-23 season, according to McKay.

"While other states have made enormous gains in their membership this summer," McKay declared, "the Oklahoma association has made the most notable gains. It can only be explained by the fact that farmers of Oklahoma are united and are not wasting their time with needless warfare between separate farmers' organizations with totally diverse purposes in view."

TWO CAR LOADS OF FURNITURE ARRIVED.

The Cameron Furniture Company has this week received two solid car laods of furniture unloaded into its warehouse in Cameron. Part of these goods have been sent to the store in Rockdale.

The store has begun to advertise their stocks this fall and will quote good prices for the unloading of this big stock of furniture.

CITY FIREMEN WILL MEET MONDAY NIGHT.

The city firemen will hold their regular meeting Monday night. At this meeting the affairs of the organization will be discussed and all members of the department are urged to attend.

It is understood that the members of the city council will be invited to be present as the department members will ask that something be done to get another truck for the department.

HEAVY RAINS ON ROADS MAKE TRAVELING SLOW

PARMA INFORMATION IS GUIDE FOR SAFETY IN FLOODED AREAS OF STATE.

At noon Thursday thirty-six automobiles were being held at Houston by the Motor League of South Texas pending information and routings north to Cameron and out to other parts of the state.

Heavy rains in many sections have made roads heavy and next to impassable.

The road from Navasota to Hempstead and to Houston the roads are very heavy in that section. The roads are passable to Caldwell and Somerville from Cameron but are impassable beyond there.

The road to Giddings is heavy and from Giddings to LaGrange three bridges are washed out. The route to San Antonio is open by Rogers and Granger. The road near Pflugerville in Travis county is bad but passable. The road to Waco by Rosebud and Chilton is open but heavy. Mr. Parma advises to use Chilton-Moreville route and the Chilton-Satin-Norwood route.

The Waco-Temple road is good. To Lampasas and Amarillo is open but rough near Lampasas.

The rainfall at Navasota was 4.35; Hempsted 5.38 and 6.08 at Brenham.

Before planning a trip call J. T. Parma for information.

SAYS BUYING BIG STOCKS OF GOODS.

A telegram from C. N. Green to the store in Cameron Thursday morning announces that he and brother Leland have purchased the largest stocks of goods since the war and must sell all old furniture to make room for the new stuff.

Mr. Green asked the store to "Get in the Newspapers" with the message and accordingly the store has authorized advertising.

COTTON.

Up to noon Thursday the Cameron Compress had received a grand total of 11,442 bales of cotton from the crop of 1923.

Mrs. R. A. Triggs and Albert, Jr., visited in Temple this week.

COUNTY WILL HAVE ALL ROAD CROSSINGS MARKED

CONTRACT WITH AUTO ASSOCIATION TO PLACE SIGNS AT ALL JUNCTIONS.

Under the recent law passed by the legislature all first and second class roads in the county will have to be marked and the commissioners court has contracted with the Circle Auto Men's Association of America to mark all these roads.

Judge Jeff T. Kemp announced Tuesday that the association had agreed to mark the roads under contract with the county and are to have the advertising privileges at the crossings for a period of five years.

The advertising privileges are exclusive with the association who will mark the roads and maintain the signs. All of this comes without cost to the county and will help travelers in passing through to observe the proper directions and to keep the right roads.

The fact that this service is to be had without cost to the county will at once impress the people with the energy of the court in working for the best financial interests of the people.

STAR AND DURANT CAR STOCK RECEIVED HERE

BARMORE-SHIRES MOTOR COMPANY NOW STOCKING POPULAR MODELS.

The Barmore-Shires Motor Company have received and now have on display a number of Star and Durant automobiles.

The Star car has caused wide comment throughout the country because of its low price being about equal to the Ford and has many features of equipment of nationally known products. A number of the Star cars have been sold here.

The Durant a high class car is being stocked here and the company is to distribute them over the county.

Last week the Barmore-Shires Motor Company sold and delivered to John S. Owens of the Owens Refining Company a sport model Cadillac automobile. They also have the Cadillac agency.

This fall is expected to see a large number of Star and Durant cars sold in this county.

MRS. JERUSHA EDWARS CONE.

Mrs. Jerusha Edwars Cone, a member of one of Milam county's oldest families, died at her home in Minerva, after a lingering illness, at 6 o'clock, Tuesday evening, August 28, 1923.

Mrs. Cone was about 77 years of age and had lived in the neighborhood in which she died practically all of her life. Her parents came to Texas in the early days. At the outbreak of the war between the states, her father, although exempt on account of a large family of small children, enlisted with the Confederacy. During the progress of the war, he was stricken with fever and was sent to a southern hospital in Mississippi. This hospital was attacked by the enemy and though, weak from illness he rose from his sick bed, marshalled all available forces and routed the enemy. But his bravery cost him his life for he died a few hours after the engagement from exhaustion.

Mrs. Cone in survived by two daughters, Mrs. Wallace Moody of Cameron, and Mrs. John Gore of Minerva, and one son, Rufus Cone, who lived with his mother, Mrs. Idella Green of Cameron is a cousin.

The funeral service was held Wednesday afternoon at the Minerva Methodist church, attended by a large number of her old friends and neighbors.

WOULD ORGANIZE LION CLUB IN CAMERON.

Mr. Bilas Johnson is in Cameron today confering with the business men relative to the organization of a Lion's Club here. A meeting was called at ten o'clock Thursday morning and the plans discussed. It is likely that nothing definite will be done until next week about the organization.

MISS DORA POTEET'S ORGAN RECITAL HERE.

The organ recital given by Miss Dora Poteet of Dallas at the First Methodist church last Thursday night was a musical treat that will always be a pleasant memory to those who heard it.

Miss Poteet, who has not yet passed her eighteenth birthday, rendered a well selected porgram with skill, grace and dignity.

Her rendition would have been a credit to a much older performer.

She very generously gave this recital free of charge to her friends and her parents and grand parents friends and they appreciated it. They will always feel a personal pride and pleasure in the success which they feel sure will follow her in the further development of her remarkable talent. The vocal numbers contributed by Mesdames J. L. Clinton and A. J. Triggs and Miss Louise Adams were added notes of pleasure to the evening's program.

Mr. and Mrs. M. G. Cox and Miss Cora Brashear reached home Monday night after a two months motor tour through the west. Their traveling companions were the J. W. Cocke family of Waco. They left home the last day of June and returned the 27th day of August, having traveled across seven states. The first and only long stop was made in Southern California where they took an apartment for two weeks and enjoyed the delightful climate and equally delightful fruit of this much sung country. They were in San Francisco the day the President arrived, but did not hear of his death as soon as we did, since they left the city after all dates had been cancelled and were traveling through the region of the big trees, off the main highway and cut off from the daily papers. They enjoyed their travel through Oregon very much and think this state deserves more attention from tourists.

Moulton Cobb, recently returned from an Epworth League Conference at Mt. Sequoyah near Fayettville Arkansas, gave an account of this meeting to the Methodst congregation Sunday evening. He stopped in Eureka Springs on the return trip. He recommended both of these points as ideal summer resorts, with splendid accommodations at a much cheaper cost than can be found in Colorado.

Misses Lois Stribling and Anna Belle Smith and Barney Davis of Waco were Sunday guests of Mr. and Mrs. R. L. Batte, Jr.

DINNER FOR BRIDAL PARTY.

Mr. and Mrs. W. A. Bonds entertained the Caton-Doss bridal party with a four course dinner Saturday evening, August 25. Cut flowers sent from Dallas by the groom's business associates formed the floral decoration for the occasion.

REUNION OF OLD FRIENDS.

On Friday, August 24th, the following guests were entertained in Maysfield by Mrs. Sallie Hilderth and daughter Mrs. V. L. White. Mrs. Ida Avriett, Mrs. W. O. Triggs, and Miss Mollie Allen of Cameron, Mrs. Blaeinz of Calvert, Mrs. A. L. Massengale, Sr., and Mrs. Ernest Kelso of Maysfield.

This was a reunion of old friends and neighbors and a day that will long be remembered by both hostesses and guests. A splendid dinner was served at noon time.

CHURCH SUPPER.

There will be a church supper at Marlow Friday night forteheb en t Marlow Friday night for the benefit of the Baptist church. All are invited to come to the supper especially Cameron people. Remember the date Friday night August 31.

Mrs. O. E. Wheete and daughter, Ina Virginia, of Tulsa, Okla., and Mrs. Charles Wheeler and daughter, Charlotte, of Abilene have been recent guests of Mrs. R. H. Johnson. Mesdames Wheete and Wheeler are sisters of Mrs. Johnson.

Mrs. M. M. Kirk and daughter, Vetres will spend Sunday in Rosebud with Mrs. Kirk's mother, and will go from there to Belton to attend the Teachers Institute. Mrs. Kirk and Miss Edith Foster of Rogers will teach the Marlow school again this winter.

Mrs. Allie Brown, a former Cameron teacher, is here visiting her sister, Mrs. J. C. Burke. Mrs. Brown has been visiting her daughter in San Antonio and is on her way to Mesquite where she will teach again this winter.

Mr. and Mrs. M. N. Sticker of Rockdale spent Sunday with Mr. and Mrs. Gohmert.

A. F. Mitchell, Fred Brown of Cameron, Charlie Litzman and Ed. Hess of Burlington are in Galveston this week representing the Edwin Hardy Post, at the American Legion Convention.

Mrs. A. F. Mitchell is visiting in Galveston during the American Legion Convention.

Miss Mary Tyson is visiting in Corsicana this week.

Mr. and Mrs. J. R. Hays and little daughter have returned from their summer vacation, which was spent in Kerens with Mrs. Hays mother and in Brownwood with Mr. Hays sister. Friends will be glad to know that Mrs. Hays' health is much improved.

Miss Minnie Stedman was able to return to her work in Mrs. Mamie Arnold Hefley Insurance and Loan office Teusday morning. Miss Stedman has jusst recovered from an appendicitis operation and has been away from the office six weeks. She is receiving many hand shakes and hearty congratulations from her friends.

METHODIST MISSIONARY

The Methodist Missionary Society met at the church Monday afternoon for Bible Study, Mrs. B. J. Baskin leader.

AFTERNOON BRIDGE.

Mrs. S. A. Cottle entertained with bridge Saturday afternoon in honor of her guest, Mrs. Royal of Bryan.

NOTICE IN PROBATE.

THE STATE OF TEXAS
To the Sheriff or any Constable of Milam County—GREETING:

You are hereby commanded to cause to be published once each week for a period of ten days before the return day hereof, in a newspaper of general circulation, which has been continuously and regularly published for a period of not less than one year in said Milam County, a copy of the following notice:

THE STATE OF TEXAS.

To all Persons Interested in the Estate of John Howard Pfarrdrescher, a boy ten years of age, and Frank George Pfarrdrescher a boy seven years of age, George T. Graves has filed an application in the County Court of Milam County, on the 23rd day of August 1923, for the appointment of Guardian in said estate which said application will be heard by said Court on the 1st day of October 1923, at the court house of said County, in Cameron Texas, at which time all persons interested in said Estate are required to anpear and answer said application, should they desire to do so.

Herein Fail Not, but have you before said Court, on the first day of the next term thereof, this writ, with your return thereon, showing how you have executed the same.

Witness my hand and official seal, at Cameron this 23rd day of August 1923.

H. M. ROARK, Clerk,
County Court, Milam County, Texas
By J. O. Hughes, Deputy. 18-3t

There is more Catarrh in this section of the country than all other diseases put together, and for years it was supposed to be incurable. Doctors prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Catarrh is a local disease, greatly influenced by constitutional conditions and therefore requires constitutional treatment. Hall's Catarrh Medicine, manufactured by F. J. Cheney & Co., Toledo, Ohio, is a constitutional remedy, is taken internally and acts thru the Blood on the Mucous Surfaces of the System. One Hundred Dollars reward is offered for any case that Hall's Catarrh Medicine fails to cure. Send for circulars and testimonials.

INJUNCTION TO RESTRAIN DIPPING IS GRANTED

LIVE STOCK COMMISSION MAY BE STOPPED FROM ENFORCEMENT.

(San Antonio Express)

The war between the Texas Livestock Sanitary Commission and many cattle raisers over dipping regulations is on to a finish.

District Judge Covey C. Thomas at Cotulla has granted an injunction which if allowed to stand will throw into the discard every rule requiring dipping for prevention of ticks.

Charles M. Armstrong of Armstrong, Kenedy County, arrived in San Antonio Monday afternoon with a copy of the order. The petitioner at Cotulla was W. B. Gates, a cattleman of Loma Vista, Zavalla County. Action was sought of Judge Thomas because Cotulla is the headquarters of Fred L. Rodway, district supervisor for the Livestock Sanitary Commission in a territory embracing most of Southwest Texas. It is understood that Mr. Armstrong, long a complainant against the dipping regulations, is sponsor for the litigation begun at Cotulla and that he pormises to see it through.

Judge Thomas fixed no date for hearing on the temporary restraining order. It holds good indefinitely and until he or a court of higher jurisdiction sets it aside. It was reported, no service had been had on Chairman Bogg-Scott. The order is directed against all members of the Livestock Commission, its agents and employes.

It is believed that attorneys for the Commission will seek immediately to transfer the case from Cotulla. It is probable that the Court of Civil Appeals at San Antonio will be asked to annul the Thomas order.

The order follows in part:

"It is ordered and directed that the prayer for a temporary injunction be and is hereby granted, and that upon the giving of good and sufficient bond the clerk is directed and ordered to issue writs of temporary injunction enjoining and restraining the defendants, their respective employes, servants, and agents from doing or committing any of the acts or injuries complained of by the plaintiff in the foregoing petition and restraining them from instituting against the plaintiff any criminal prosecution for failure to dip his cattle; and restraining them from enforcing against the plaintiff the requirements to dip and restraining them from enforcing against the plaintiff anv quarantine regulation, or order that will prevent the plaintiff from shipping or from otherwise moving from his ranch any of his livestock which are not diseased with any infectious or contagious disease and which have not on their bodies at the time when they are tendered for shipment any fever ticks, and enjoining the defendant from faling or refusing to inspect the plaintiff's said livestock, or any of them upon such livestock being tendered.

"COVEY C. THOMAS, Judge."

OBEY LAWS IS ADVICE OF PRESIDENT COOLIDGE

PRESIDENT IN LETTER TO NEW ORLEANS MAN TELL HOW PRESS CAN AID.

New Orleans, La., August 28.—Undivided allegiance to the constitution and unhesitating obedience to legislative action were urged upon the press of the nation by President Coolidge in a letter to A. G. Newmyer, president of the Southern Newspaper Publishers' association, made public here today.

The president's letter was in reply to one written by Mr. Newmyer who asked the executive to send him a terse, exclusive message for the Southern publishers broadly answering the question as to how the newspapers can best serve the federal government at this time as he was personally anxious to have the membership of the association co-operate with the administration in every manner consistent with their individual policies.

The letter to Mr. Newmyer who also is an official of the New Orleans Item, follows:

"My dear Mr. Newmyer:

"Your very kind message and the general assurances which it contains of support on the part of the newspapers of your association, has been received. Every newspaper can be helpful in its support of the government, whether it be state or national. Fundamentally this means always making the authority of the law supreme. It means undivided allegiance to the constitution and unhesitating obedience to legislative action made in accordance with its provisions.

"Constructive criticism is always helpful. It keeps institutions from becoming fossilized and falling into decay. But constructive criticism does not accomplish its purpose merely by pointing out what is evil. It must not fail to direct attention with more emphasis to what is good. Our institutions, our social organization, our economic condition are all of a quality and quantity which are worthy of our highest admiration. I believe that it will be exceedingly helpful to public sentiment if these principles and ideals can be reiterated from time to time, joined with a reverence for religion and an aspiration for better things."

MIDGETT WEDDING.

A Midget Wedding will be staged in the basement of the Methodist church, Friday night. Admission 15

CLARKE MAY BE CHOICE OF NATION'S DEMOCRACY

COOLIDGE AND CAPPER MAY RUN ON G. O. P. PLATFORM IN 1924.

Washington, D. C. August 26.—Coolidge and Capper as the Republican ticket in 1924 was the prediction here Saturday of Phil Campbell, former Representative from Kansas and chairman of the House Rules Committee in the last Congress. He said: "Coolidge will be the nominee of the Republican convention, in my opinion. His running mate will be Seator Capper of Kansas. Conditions are maturing in that direction. Capper is identified with the farming interests to a larger extent, perhaps, than any other man in public life.

"The farmers are being recognized as a political factor more than ever before. It is not unnatural to suppose that a man of ability, not wild with crazy reforms, who does not make intemperate, exaggerated statements, might be chosen.

"Both parties will pay more attention to the selection of vice presidential candidates than they have for many years in the past.

"The real farmer isn't saying half as much as the demagogues and politicians would have you believe. He has had a hard time, but not half as hard as these men would make you think he has. He is paying his debts, has good crops, is diversifying and getting on his feet."

Campbell picked former Supreme Court Justice Clarke, of Ohio as the Democratic presidential nominee, but said that the only candidate with whom the Democrats would have a chance of electing would be Senator Underwood, of Alabama, "who cannot get the Democratic nomination." He added:

"When the time comes for the Democratic convention to make a selection the 'silent man of S Street' (Woodrow Wilson) will send down the word that Clarke is the man and he will be named."

MARRIAGE LICENSES.

Sun Terry and Carrie Franklin.
Walter S. Shirley and Nonie Wise.
Jake Nash and Grace Lee Joshua.
Ernest Brown and Marie Hendden.
Ira Pascal and Carrie Harman.
E. W. Hillard and Georgia Warren
R. B. Wilson and Carrie Armstead.
J. D. Williams and Mrs. Mamie Harris.
Tom W. Gould and Annie Ivory.

T. I. Vaughan and Agnes White.

JURY COMMISSIONERS NAMED.

Judge Jeff T. Kemp has announced the following appointments as Jury Commissioners for the next six months in the county court: P. H. McKinney Jr., Jones Prairie; T. F. Criswell, Buckholts; J. H. Franklin, Watson Branch.

TAX ROLLS ACCEPTED.

At a special meeting of the Commissioners Court Tuesday the Court accepted the tax rolls from the office of Tax Assessor Miss Leila Woolley. The rolls show the property valua tion in the county at slightly over $18,000,000. This valuation is about $300,000 less than for last year.

The tax rate for Milam county is 62 cents as compared with $1 in Bell county.

BAPTIST AUXILIARY.

Circle No. 1, of the Baptist Auxiliary met with Mrs. John Dobbins with Mrs. J. C. Martin leader. Six members were present.

Circle No. 2, met with Mrs. S. M. Burns, Mrs. Geo. A. Thomas leader. Nine members present.

Circle No. 3, met with Mrs. John Denson, Mrs. William Henderson leader. Nine members present.

Circle No. 4, met with Mrs. Lloyd Mitchell, with Miss Clara Thomas leader. Nine members present.

Some phase of mission work was studied by each group.

"OUR POOR."

By Bobt. Mayfield.

Yes we do have our poor
In our dear little town,
Which need that kind of cure
That you could pass around.

A kind hand-shake and smile
As you pass them by,
Would chase away that guile
Which causes them to sigh.

They'd have a lighter heart
To do their work each day,
If you would only start
Their toil in such a way.

For if the heart is light
From words you kindly say,
There is no end to might
In work they'd do each day.

So then our task is done
And no more poor we'll see,
When they the fight have won
Through smiles you gave them free

GAMBLING RAID MADE.

Last week Sheriff Drue S. Rogers conducting a gambling raid on the River near Silver City arrested nine men all of whom have entered pleas of guilty and have been fined $5.

BAPTIST CHURCH.

PRESBYTERIANS OF SOUTH PLAN EDUCATIONAL MOVE

SYNOD WILL MEET ON SEPTEMBER 11 AT DALLAS FOR CONFERENCE.

Plans are being completed by the Southern Presbyterian church of Texas for a state wide movement for Christian education, having as its object the raising of funds for educational institutions under control of that church. A meeting of the Presbyterian Synod will be held in Dallas on September 11, according to Mr. Allen Hollinrake who was in the city in conference with the Presbyterian Minister and other church leaders. At Synod's meeting, he said, the amount to be secured and the distribution will be decided and active work started. In the meantime in order that there may be no delay a number of those interested are visiting various sections of the state and securing all necessary information in order to proceed.

The movement will be conducted by the executive committee on Christian education of the Southern Presbyterian church of which Mr. Henry H. Sweets, of Louisville, Ky., is executive secretary. Officers have been opened in Dallas at 1004½ Elm St., by Mr. S. P. Hollinrake state director and representative of the committee. No active work will be done until after the meeting of synod, it is stated.

A similar movement has just been completed by the Presbyterians of Arkansas where about $485,000 was pledged on a quota of $406,000. Texas is the thirteenth synod in which this work has been started and in the other twelve successfully completed. These are Arkansas, Appalachia, Alabama, North Carolina, Virginia, South Carolina, Louisiana, Mississippi, Missouri Tennessee, Kentucky and Wet Virginia.

At the prayer meeting on next Wedensday night the Baptist church will elect deacons and officers for the church for the coming year.

Wednesday night the church licensed F. A. Hernandez as a minister. He is doing missionary work among the Mexican people of the county.

Sunday morning Rev. R. C. White pastor of the church will preach on "The Deacon and His Place in the Church." At the evening hour he will preach on "The Man of Sorrows and Acquainted With Grief."

BASKIN'S BUYER IS BACK FROM MARKET.

Julian Baskin, buyer for the firm of B. J. Baskin & Sons is back from market and new fall purchases are are arriving daily. As usual this store will be well stocked with staple and fancy dry goods and ready to meet the demands of their trade.

STORY HOUR.

Miss Glennie Stafford will have charge of the Story Hour at the City Park, Friday afternoon from 5 to 6.

PRESBYTERIAN AUXILIARY.

The Presbyterian Auxiliary met at the church Monday afternoon in business session, the president, Mrs. W. G. Gillis, presiding.

W. KLAWANSKY RETURNS FROM MARKET.

W. Klawansky returned Monday from New York, Boston and other northern and eastern markets, where he bought a full line of fall and winter goods. New model dresses and coats are now on display and the critical shopper can find satisfaction here.

New Fall Goods

Autumn Brings Many New and Distinctive Styles

Following close on the heels of our buyer who has just returned from the New York markets, large shipments of New Fall Goods in Ladies and Misses Ready to Wear, have arrived at our store and we take pleasure in announcing this early showing of all that is new, stylish and distinctive in correct styles, fabrics and colors in the most glorious collection of wearing apparel for women ever shown at this store for fall and winter.

Large Stocks Arriving Daily

In addition to what we now have on display every day finds more shipments coming in by express, freight and by mail, swelling the Fall and Winter display to overflowing the department. Our buyer has bought heavily, therefore on a basis not only to supply the best in style, color and fabric but the price this fall is as appealing as the rich and luxurous garments to fit your fall needs.

The New Coats For Fall

Beyond a doubt the new coats for fall and winter are the most adorable of any style event in modern manufacture of wearing apparel for Women and Misses. The trimmings are superb with many entirely new touches. New colors and fabrics are out this fall.

Here are some of the new colors and fabrics: In Colors the season is offering Deer, Sorento, Navy, Black, Brown Kid Fox Luster and many others. These new Coats are make up in such entirely new cloths as Suedene, Bolivia, Garanado, Cross Plush, Truvenenette, Brytone, Black Bolivia with fur collars and cuffs, Brytone Keranii, Ormandale and many others besides the regular colors.

Priced from—

$9.98 to $69.50

New Fall Dresses

Style this Fall and Winter has turned with pleasing change from Coat Suits to Dresses and Coats. In the big shipments of Fall Goods the New Frocks are attracting most attention both because of the new styles as well as fabrics and colors.

This store is showing an unusually large assortment of New Fall Frocks at this time with new ones coming in each day.

The new set of colors in brown are causing wide comment. They are Coco, Castor, Mandalay, and Cinnamon. The new Frocks are also here in Navy, Black, Grays and many other new colors besides the regular shades. In Fabrics the new dresses feature silks and wools. Really a showing of Fall Dresses that brings New York style shops within reach of everyone. The prices are very low considering quality, style and tailoring.

Priced From—

$4.98 to $57.50

New Sweaters and Skirts for Fall

KU KLUX MEMBERS SENT TO PRISON FOR 2 YEARS

CONFESSED FLOGGERS FIRST TO GO TO PRISON FOR WHIPPINGS.

Tusla, Okla., August 23.—Coming as a sensational climax to the tenth day of Adjutant General Baird H. Markham's investigation of floggings in Tulsa county, Ben F. Sikes, Grover C. Sikes and Earl Sack of Broken Arrow, self-confessed members of the Ku Klux Klan, pleaded guilty tonight to rioting charges before district Judge W. B. Williams and were sentenced to serve two years each in the state penitentiary.

The Sikes brothers and Sack were brought before acting County Judge Luther Lane and waived their arraignment and preliminary hearing. Thirty minutes later they had entered pleas of guilty before District Judge Williams and were sentenced after Ed. Crossland, their attorney, and Assistant Attorney General C. W. King, recommended they be given the minimum punisment—two years.

Simultaneously in county court A. M. Calloway, W. M. Bills, Avery Barbour T. V. Venator and W. M. Lewis were arraigned and plead not guilty on information charging them with participating in the flogging to which the Sikes brothers and Sack admitted they were parties—that of Ben Wagner, a German farmer, near Broken Arrow.

Informations also were filed against Hal Benson, Dick Fisher and Harvey Akers, but they had not been arrested in time to be arraigned with Calloway, Bills, Barbour, Venator and Lewis. The preliminary hearing for these men was set for September 4 and their bonds placed at $1,500.

The Sikes brothers and Sack will not be taken to the penitentiary immediately but probably will be kept here to be used as witnesses against the others charged in informations.

By court agreement they were turned back to military authorities by Sheriff Bob Sanford immediately after sentence was passed and for the present are to be kept under military guard at the armory.

Wagner, a slight man about 60 years old, has a wife and eight children. He owns an entire section of land four miles southeast of Broken Arrow. According to his story and confessions of the Sikes brothers and Sack, he was flogged by a band of about twenty men wearing the full Ku Klux Klan regalia on a corner of his own land on the night of October 28, 1922.

On the night Wagner was whipped he was called from his home by a strange man, who told him one of his horses had been badly cut by a strand of barbed wire. In company with two of his small children aged 9 and 11, he went out doors and started toward the pasture. He had proceeded only a few feet when a white sack was thrown over his head from behind. He was seized and taken nearly a mile away and severely beaten. His two children were detained by a member of the mob until he returned.

The entire legal proceedings in both courts lasted about forty minutes, and established a record in the handling of court cases locally.

COTTON SHIPMENT TO FARM BUREAU LARGE.

Dallas, Texas, August 25.—Although only scattered shipments of cotton have been received by the Texas Farm Bureau Cotton Association at their Houston warehouse, shipments already received show a 400 per cent incerase over the amount received during the same period last year.

Up to and including August 21, the Association had received from its members a total of 11,642 bales of Texas cotton. On this date last year they had received but 3,185 bales.

"The amount of cotton handled by the Association last year amounted to 77,000 bales," Mr. J. W. L. Hall, secretary of the Association announced, "and already we have received one-seventh of this amount.

"The heavy shipment will not be received until the latter part of September and during the month of October, but from the receipts so far and the knowledge of the success of the 'More Money for Cotton' campaign we are hopeful of handling around 250,000 bales this year," he said.

Reports from the headquarters of the Texas Farm Buerau Cotton Association indicate a tremendous increase in new members as a result of the present campaign. Prior to the start of the campaign the Association had 20 000 members in Texas and it is believed that this number will be doubled this year by cotton growers seeking the benefits of marketing their cotton co-operatively.

"The $20,000,000 loan by Eastern interests to the Texas Association to finance this years crop will enable us to make advances promptly and care for all shipments as fast as received," J. T. Orr, president of the Association said. "It is more than likely that Texas bankers will have an opportunity to join in a loan to the Association if shipments continue on the ratio they have started," he said.

KLAN PARADES FOR LT. GOV. DAVIDSON.

Sherman, Texas. Aug. 24.—Following Lieutenant Governor T. W. Davidson's speech at the Old Settlers' reunion here last night, it which he made an appeal for reverence for the law, more than one thousand robed hooded Ku Klux paraded through the park. It was said North and West Texas towns as far as Potter county were represented by klansmen. A luncheon was served the visiting klansmen at the base ball park.

TRAVIS COUNTY WILL HOLD BIG STATE FAIR.

Austin, Texas, August 26.—The plan of Travis county in assembling a county agricultural exhibit, which will be shown at both the Texas State Exposition at Austin and the State Fair at Dallas, by selecting the best articles from various community exhibits in the county is recommended by State Commissioner of Agriculture George B. Terrell.

The nine communities in Travis county plan on holding community exhibits shortly before the opening day of the Texas State Exposition, here, October 1, and the best articles on display will be selected and grouped into a county exhibit at Austin. This exhibit will be sent to the State Fair, and officials of the local fair hope to secure a portion of the prizes offered at Dallas.

"I believe that all of the counties in Central Texas should have enough pride and be willing to show enough co-operation to select a county agricultural exhibit and bring it to the fair at Austin" Mr. Terrell said.

"Further, it will be an advantage to the county from which the exhibit is sent as it will advertise that county to Travis county, to the capital city of Austin and to the other counties in Central Texas. Such work would also have a good influence in causing these counties, and particularly the communities in the counties, to take an active interest in securing the best of all articles, to take an active interest in securing the best of all articles.

"I hope that every county in Central Texas will have a county exhibit here, and that the best of these will be shown at the State Fair at Dallas."

NOTICE OF ROAD BOND ELECTION.

THE STATE OF TEXAS
County of Milam

On this the 16th day of August A. D. 1923 the Commissioners Court of Milam County, Texas, convened in regular session at the regular meeting place thereof in the court house at Cameron, Texas, all members of the Court, to-wit: Jeff T. Kemp, County Judge, Henry Reeves, Commissioner Precinct No. 1, N. H. Butts, Commissioner Precinct No. 2, R. A. Hairston, Commissioner Precinct No. 3, H. H. Moore, Commissioner Precinct No. 4, being present, came on to be considered the petition of H. L. Heath and 102 other persons praying that bonds be issued by Road District No. 2 of Milam county, Texas, in the sum of One Hundred Thousand Dollars ($100,000.00) bearing five and half (5½) per cent rate of interest maturing at such times as may be fixed by the Commissioners Court serially or otherwise, not to exceed thirty (30) years from date thereof, for the purpose of constructing, maintaining and operating macademized, graveled or paved roads or turn pikes or in aid thereof, and whether a tax shall be levied upon the property of said Road District No. 2, of Milam county, Texas, subject to taxation for the purpose of paying the interest on said bonds, and to provide a sinking fund for the redemption thereof at maturity; and

It appearing to the court that said petition is signed by more than fifty (50) of the resident porperty tax paying voters of said Road District No. 2, of Milam county, Texas; and

It further appearing that the amount of bond to be issued will not exceed one fourth of the assessed valuation of the real property of said Road District No. 2 of Milam county, Texas; and

It further appearing that said Road District No. 2, of Milam county, Texas, has been duly established by an order of the Commissioners Court of Milam county, dated the 27th day of July 1911, of record in Book 5, Page 49 of the Minutes of said Court, and the boundaries thereof are herein described as described and defined in the order of the Commissioners' Court, establishing such District, as follows, to-wit:

BEGINNING at the mouth of Elm Creek where the same empties into Little River; Thence up said Creek to a point opposite the west line of the James Hall League; Thence S. 19 W. with the West line of said James Hall League to Little River; Thence down said Little River to the mouth of San Gabriel River; Thence up said San Gabriel River to the N. E. corner of the T. J. Chambers League; Thence with the East line of the said T. J. Chambers League S 19 E. to the north line of the Bethlehem voting precinct at the Mrs. Edward's place; Thence in an easterly direction with the north line of the Bethlehem voting precinct, to the N. E. corner of said voting precinct in the North line of the Sandy Creek voting precinct; Thence in an easterly direction with the N. line of Sandy Creek voting precinct to the West line of Justice Precinct No. 3, at the old residence of George Penny; Thence in a northerly direction with the West line of Justice Precinct No. 3, along present Cameron and Caldwell Road to McCown bridge on Little River; Thence down said River to Elm Creek the place of beginning; and

It further appearing that said District does not embrace any part of a political subdivision or defined Road District that has been heretofore established, and has issued bonds which are now outstanding and unpaid;

IT IS THEREFORE CONSIDERED AND ORDERED by the Court that an election be held in said Road District No. 2 of Milam county, Texas, on the 25th day of September A. D. 1923, which is not less than thirty days from the date of this order, to determine whether or not the bonds of said Road District No. 2 of Milam county, Texas, shall be issued in the amount of One Hundred Thousand Dollars ($100,000.00) bearing five and half per cent (5½) rate of interest and maturing at such times as may be fixed by the Commissioners Court, serially or otherwise, not to exceed thirty years from the date thereof; and whether or not a tax shall be levied upon the property of said Road District No. 2, of Milam county, Texas, subject to taxation for the purpose of paying the interest on said bonds and to provide a sinking fund for the redemption thereof at maturity.

The said election shall be held under the provisions of Arts 627 to 641 inclusive of Chapter 2, Title 18 Revised Statutes 1911 as amended by Sec. 1, Chapter 203, Acts of 1917, Regular Session.

All persons who are legally qualified voters of this State and of this County and who are resident property tax payers in said Road District No. 2 of Milam county, Texas, shall be entitled to vote at said election and all voters desiring to support the proposition to issue the bonds shall have wirtten or printed on their ballot the words:

"For issuance of bonds and the levying of the tax in payment thereof."

And those opposed shall have written or printed on their ballots the words:

"Against the issuance of bonds and the levying of the tax in payment thereof."

The polling places and presiding officers of said election shall be, respectively, as follows:

At Cameron, with Geo. T. Graves as presiding officer.

At Curry, with G. A . Durni, as presiding officer.

At Salem, with J. D. Nesbitt, as presiding officer.

At Elm Ridge, with J. C. Brashear as presiding officer.

At Ad Hall, with T. S. Donaldson, as presiding officer.

At Minerva with J. C. Wallace, as presiding officer.

At Rice School House, with Sam Nicholson, as presiding officer.

The manner of holding said election shall be governed by the general laws of the State of Texas regulating general elections when not in conflict with the provisions of the Statutes hereinabove referred to.

Notice of said election shall be given by publication of a copy of this order in the Cameron Herald, a newspaper, published in said Road District No. 2, of Milam county, Texas, for four successive weeks before the date of said election. And in addition thereto there shall be posted other copies of this order at three public places in said Road District No. 2, of Milam county, Texas, for three weeks prior to said election.

The County Judge is hereby directed to cause said notice to be published and posted as hereinabove directed, and further orders are reserved until the returns of said election are made by the duly authorized election officers and received by this Court.

A true copy I certify.

16-4t JEFF T. KEMP
County Judge Milam County, Texas.

SPUR FARM LANDS

(Northwest Texas.)

Many farmers are making a hard or doubtful living on high priced lands in localities cursed with insect pests, or floods, or drouth, or other enemies to successful farming. The end of each year finds time and energy practically wasted—no progress made. Spur Farm Lands offer relief from these conditions. Any good farmer can pay for these lands from the products thereof. Of the nearly one-quarter of a million acres of this large Ranch, which have been sold, 81.61 per cent has been paid in full. The balance of these Spur Farm Lands, some of which have never been placed on the market before, offer productive, easily cultivated land, at low prices and on easy terms. Splendid crops are raised without irrigation. No boll weevil ever known here. Altitude 2,000 to 2,600 feet.

Considering the reliable production of these lands—prices are as low as anywhere in Texas. According to the 1920 census, Dickens county made the largest gain in increse in number of farms for the previous decade of any county in the State of Texas below the Cap Rock. Splendid climate; no malaria, chills, or fever; good churches; excellent schools. Dickens county has the best gravel roads of any county in Northwest Texas; some of them built under State and Federal superivision. We offer the homeseeker a wide range for selection, and are selling direct—no commission to anyone; the purchaser receives full value in dealing direct with the owner as opposed to paying a middle man several dollars per acre.

We also offer STOCK FARMS AND SMALL TRACTS, perfectly adapted to this purpose at reasonable prices and terms.

Free illustrated booklet, giving all particulars, on application to

SHERIFF AND COUNTY ATT'Y CAUGHT IN RAID

GLENROSE CLEAN UP REVEALS BIG BOOZE TRAFFIC IN COUNTY.

Glenrose, Texas, August 26.—Texas Rangers and co-operating officers of the law from other divisions were bringing to a close late Sunday afternoon one of the fastest thirty-six-hour campaigns ever waged against the manufacture of whisky in Texas. A thirty-foot triangular space with rows of wire bottom cots joining an iron fence inclosed materials and liquors seized is a score of swiftly conducted raids over a country twenty miles long and several miles wide adjacent to this popular summer resort and interior watering place and tourists form all over Texas and beyond its borders were here with the home folks for miles around to see the spoils of a big industry gone to pot between suns from the sudden appearance of rangers with big axes.

A summing up report from Ranger Capt. R. D. Ehumate of Dallas, in charge of the raids, to his chief, Adjutant General Thos. D. Barton at Austin, Sunday night would include the following information:

"We have taken fifteen stills, 800 pounds sugar, 66 gallons of corn whisky, 84 bottles of beer, several gallons of wine, 200 barrels of mash with other materials. We have 30 men in jail and Sheriff T. Walter Davis and County Attorney E. L. Roark are in custody of our men."

Sunday after six men had voluntarily surrendered to Capt. Shumate, who said they would be taken to Waco Monday for arraignment along with the others held in custody, as a last stroke Capt. Shumate took County Attorney E. L. Roark into custody. Buck Lilley, Deputy Sheriff, has been left in charge of the Sheriff's office in Somervell county.

Sheriff Davis was serving his fourth term as Sheriff, while County Attorney Roark was serving his 2nd term, having received appointment to serve out an unexpired term and having been elected at the last election.

The six men who voluntarily surrendered to the rangers Sunday are: J. C. Pruitt, Sam Darnaby, L. B. Harris, J. O. Pruitt, Alvie Embree and M. J. Lowe

For the present the Somervell county campaign that began early Saturday morning with dramatic suddenness is over. Ranger Capt. Shumate, Ranger M. Burton and Lee Shannon of Waco and Joe McElory of Corsicana left Sunday night along with supporting peace offiers from Johnson and other adjoining counties and under cover men working for the Anti-Saloon League of Texas. The latter men are given credit for gathering the information that enabled the officers to move with such swiftness and precision Saturday.

BETTER FARM METHODS BOOSTED BY ROCKDALE BANK AND PHAMPHLETS.

Rockdale, Texas, August 26.—With the purpose in view of inculcating the idea of "better farming" in Milam County by showing what has been accomplished in another country in the most adverse circumstances, the Rockdale State Bank has bought and distributed to the bank's customer farmers a large number of copies of the book "The Modern Cultivation of Corn," printed in San Antonio, the author being Sgr. Zeferino Dominguesz of Pebla, Mexico, district de Tecamachalco, Hacienda de San Juan Machorro. The book is a work of more than 350 pages, perfectly illustrated with excellent halftone pictures, and is a carefully and laboriously prepared exposition of the scientific things accomplished by Dominguez on his Mexican ranches with the simple native peon labor of his country.

The book is, to one given studying such subjects and interested in the improvement of agricultural conditions, an intensely entertaining and instructive volume. It shows to be a labor of love on the part of the framer-author and one can read in every line and on every page, the devoted efforts he has put forth over many years, to raise the standard among his fellow-countrymen by teaching them how to increase the yield of their land and better their conditions generally. The book also has chapters devoted to better cotton culture, with practical results obtained.

On page 346, the book contains a letter dated June 19, 1914 from Ed. R. Kone, Texas Commissioner of Agriculture at that time, Mr. Kone's letter states that Dominguez has by his better cultural methods and scientific seed selection system, increased the corn yield from his fields and the fields cultiviated by Dominguez tenant-farmers, to an average of 106 bushels to the acre. Mr. Kone says, in part:

"People all over the world are now realizing that to get best results from the soil they must mix gray matter with the soil; and they have reached that point where they are willing to accept as true the written testimony of men like yourself who have made the actual demonstration and success on the farm. I take pleasure in stating that I was on your farm and saw the preparation of your soil and the selection of seed by Indian laborers, and afterward saw the result of your intelligent work in the crop itself, making 106 bushels of corn to the acre, without irrigation."

The bank here hopes that its costly distribution of this valuable work will get good results in Milam county.

STATE PRISON RECORDS.

Some facts about our Texas penitentiary system makes interesting reading. In the Sept. 13th, issue of the Herald a story written by H. C. Connally will tell you osmething about our state penitentiaries, the number of convicts, both men and women, the kind of crimes they committed, their average age, how many are married, how many single, and how they are cared for.

If you are well pleased with the Herald tell it to your neighbor. We all need a little praise now and then—even the newspaper man—and it helps to get more subscriptions and more business. The bigger the subscription list the better newspaper we can print. Should you know of any friend who is not a subscriber to the Herald send him to our office and let us put him on the list. He needs the paper and we need the money.

Drink Water to Help Wash Out Kidney Poison

If Your Back Hurts or Bladder Bothers You, Begin Taking Salts

When your kidneys hurt and your back feels sore don't get scared and proceed to load your stomach with a lot of drugs that excite the kidneys and irritate the entire urinary tract. Keep your kidneys clean like you keep your bowels clean, by flushing them with a mild, harmless salts which helps to remove the body's urinous waste and stimulates them to their normal activity. The function of the kidneys is to filter the blood. In 24 hours they strain from it 500 grains of acid and waste, so we can readily understand the vital importance of keeping the kidneys active.

Drink lots of good water—you can't drink too much; also get from any pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast each morning for a few days and your kidneys may then act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for years to help clean and stimulate clogged kidneys; also to neutralize the acids in the system so they are no longer a source of irritation, thus often relieving bladder weakness.

Jad Salts is inexpensive; can not injure; makes a delightful effervescent lithia-water drink, which everyone should take now and then to help keep their kidneys clean and active. Try this; also keep up the water drinking, and no doubt you will wonder what became of your kidney trouble and backache. By all means have your physician examine your kidneys at least twice a year.

Power to Stop!
Buick Four-wheel Brakes

BUICK four-wheel brakes provide a factor of safety welcomed by every driver. No matter how careful he may be there are moments when the power to stop his car quickly and surely averts a serious accident.

Buick four-wheel brakes operate simply by light pressure on the foot pedal. There is no change in the method of operation over former Buick rear wheel brakes.

Buick rear brake construction has proved its dependability for many years. Identically the same principle, simple in its mechanism and effective in its braking control, now has been employed on the front wheels.

The adoption of four-wheel brakes by Buick on its 1924 cars is wholly in keeping with its policy of giving the owner everything that will increase his safety, comfort and satisfaction.

The 1924 Buick cars likewise are distinctive for their beauty, their increased power, ease of operation and comfort—giving features never before found on motor cars.

MOB THREATENS NEGRO WHO MURDERS DEPUTY

OFFICERS REMOVE PRISONER FROM NOLAN COUNTY TO SAFETY.

Sweetwater, Texas, August 24.—John Smith, negro 35, who made an alleged confession today of the slaying of J. F. Kuhn, deputy sheriff and farmer of Rowena, Texas, last night, was removed form the Nolan county jail late today to a destination, which officers declined to reveal. This action was taken because of high feeling reported among members of searching parties, it was announced.

Teh negro was arrested near Blackwell, Texas, this afternoon by Sheriff Jack Yarbrough and Deputy Jim Butler of Nolan county. He was placed in the Nolan county jail here and authorities of Runnels county were notified of the arrest. Smith was walking along a road toward Sweetwater when he was apprehended. He offered no resistance. A bloody automatic revolver, from which four shots had been fired, was taken from him.

The prisoner was taken from the jail here by the sheriff after the latter had communicated with authorities of Runnels and Concho counties.

Posses began search that Kuhn had been slain at his farm, abut three miles from Rowena, following an argument over crop matters. Kuhn was shot through the head. Two Mexicans witnessed the killing. Early today all negroes were warned to leave Rowena and virtually all had left this afternoon it was said here.

Ballinger, Texas, August 24.—Several hundred armed men today are searching Colorado river bottoms for John Smith, negro, who shot and killed J. F. Kuhn, 42, farmer and deputy sheriff, near Rowena, Runnels county, late yesterday. The men are reported to have quarreled over crops. The negro seized Kuhn's gun and killed the farmer instantly. Smith, armed with a shot gun and pistol, escaped.

Citizens at Rowena last night posted warnings for all negroes to leave there. Of the negro population only an aged negress remained in town today and she was reported preparing to leave.

Two negroes, alleged to have participated in the quarrel with Kuhn are in jail here.

CHARGE ON FLOGGERS "OKEH," SAYS OFFICIAL.

Oklahoma City, Okla., August 26—C. W. King, assistant attorney general, expressed the opinion here Saturday night that no error had been committed in filing riot charges in Tulsa county. The men charged with whipping Wagner are residents of Tulsa county.

In support of his stand, the assistant attorney general cited section 2429 of the compiled Oklahoma statutes, which is a follows:

"When a pubilc offense is committed partly in one county and partly in another county, or the acts or the effects thereof, constituting a pre-requisite to the offense occurred in two or more counties, the jurisdiction is in either county."

Hagner county officials Saturday filed charges against the nine men held in Tulsa county in connection with the assault on Wagner, despite the fact that charges already were pending in Tulsa county and that three of the men had plead guilty and were sentenced in Tulsa county.

REV CARDEN RESIGNS. THE TEXAS PASTORATES.

Rockdale Texas, August 26.—His parishioners here of the Episcopal Church and his many friends among other congregations of Rockdale have learned with regret that the Rev. James Carden of Taylor and Rockdale had resigned the pastorate of St. James Church of Taylor and St. Thomas of this place, which churches he has servel for eight years past. On Oct. 1, he leaves for Oklahoma City to become archdeacon of Oklahoma.

BREAK CHEST COLDS WITH RED PEPPER

Ease your tight, aching chest. Stop the pain. Break up the congestion. Feel a bad cold loosen up in just a short time.

"Red Pepper Rub" is the cold remedy that brings quickest relief. It cannot hurt you and it certainly seems to end the tightness and drive the congestion and soreness right out.

Nothing has such concentrated, penetrating heat as red peppers, and when heat penetrates right down into colds, congestion, aching muscles and sore, stiff joints relief comes at once.

The moment you apply Red Pepper Rub you feel the tingling heat. In three minutes the congested spot is warmed through and through. When you are suffering from a cold, rheumatism, backache, stiff neck or sore muscles, just get a jar of Rowles Red Pepper Rub, made from red peppers, at any drug store. You will have the quickest relief known. Always say "Rowles."

MEANDERINGS OF THE MISSIONARY HERE.

Last Wednesday I visited the Lilac people and found their pastor J. T. Rice very hopeful and promised to join us in our Worker's Council at the Cameron Baptist Church the 30.

That same night I had the pelasure of being with the Thorndale Saints and addressed them on our Denominational work. Early Thursday morning in company with their popular pastor, Roby Ward I went over to Austin to see the Governor relative to securing a pardon for a friend in Huntsville, Prof. L. O. Moore, returning that same day.

On Saturday I visited Gaues and found they had called Rev. R. E. Smith of Waco for pastor.

At night and Sunday at 11 a. m. I preached for pastor W. O. Angell at Smyrna and met pastors Jesse Jones of Button Prairie and J. H. Graham of Milano. The Work goes well and the outlook for enlargement is excellent. Now for our great 75 M. C. roung-up.
75 M. C. round-up.

E. L. SPRINGER.

ROBS CALOMEL OF NAUSEA AND DANGER

MEDICINAL VIRTUES RETAINED AND IMPROVED—DANGEROUS AND SICKENING QUALITIES REMOVED PERFECTED TABLET CALLED "CALOTABS"

The latest triumph of modern science is a "de-nauseated" calomel tablet known to the drug trade as "calotabs." Calomel, the most generally useful of all medicines thus enteres upon a wider field of popularity,—purified and refined from those objectionable qualities which have heretofore limited its use.

In biliousness, constipation, headaches and indigestion, and in a great variety of liver, stomach and kidney troubles calomel was the most successful remedy, but its use was often neglected on account of its sickening qualities. Now it is the easiest and most pleasant of medicines to take. One Calotab at bedtime with a swallow of water,—that's all. No taste, no griping, no nausea, no salts. A good night's sleep and the next morning you are feeling fine, with a clean liver, a purified system and a big appetite. Eat what you please. No danger.

Calotabs are sold only in original sealed packages, pure 35 cents for the large family package; ten cents for the small, trial size. Your druggist is authorized to refund the price as a guarantee that you will be thoroughly delighted with Calotabs. (H)-tf

ROCKDALE NEWS.

Rockdale, Texas, August 26.—Officials of the S. A. & A. P. R'y have suggested that all manufacturing enterprises along the railway lines in Rockdale be properly labeled by painted signs placed on or above the buildings, so that passengers passing through on the trains can see plainly how much industrial life there is here. The suggestion will be placed before the industrial committee of the Chamber of Commerce.

Rockdale, Texas, August 26.—Miss Merle Lucas has notified the school board that she will return to Rockdale and again take charge of the musical department of the high school next month. Miss Irene Dunlap of Meridian will also return and teach expression.

Rockdale, Texas, August 26.—The meat canning demonstrations being given by Miss Gladys Henry, home demonstration agent for Milam County are growing in popularity with the women and girls. The last one, held at Milano, was attended by fifty club members from the rural homes of that vicinity.

CATARRHAL DEAFNESS

is often caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing. Unless the inflammation can be reduced, your hearing may be destroyed forever.

HALL'S CATARRH MEDICINE will do what we claim for it—rid your system of Catarrh or Deafness caused by Catarrh. HALL'S CATARRH MEDICINE has been successful in the treatment of Catarrh for over Forty Years.

Sold by all druggists.

NEFF SCORES LAXITY IN ENFORCEMENT OF LAWS

"COLLUSION WITH VIOLATORS" CONDEMNED BY GOVERNOR AT AUSTIN.

Augtin, Texas, August 27.—Lawlessness said to reign in many sections of Texas is attributed by Gov. Neff to "laxity of duty by local authorities," the Governor charging that most of the lawlessness results from "collusion and conniving by these officer with the lawless element, particularly the law breaker who manufactures and sells illicit liquor and the man who participates in mob work."

Views on the subject of lawlessness were given by the Governor Monday, just before he left Austin for Lubbock to attend the Texas Technological jubilee.

"It has become necessary, because of the secrecy with which local officers work with the lawless element, for the State forces to first throw a 'smoke creen' around the county where lawlessness is to be investigated," said the Governor.

With a law which would permit "the yanking out of office of those officers who enter into collusion with law breakers," the Governor said, "lawlessness would soon be driven out of Texas."

He had reference to the so-called quo warranto officers' removal bill, which has met defeat every time it has been introduced in the Legislature.

FRED P. MANN DECLARES ADVERTISING BEST PLAN

NOTED MERCHANT PRINCE SAYS NEWSPAPER ADS MADE HIM RICH.

"Advertising is the greatest sales medium of the present day and without it there can be no real success," Fred P. Mann, wealthy merchant of Devil's Lake, N. D., who does a $600,000 business annually in a town of 5,000 declared in an address before visiting merchants and Dallas business men in the auditorium of the Chamber of Commerce at Dallas recentyl.

He is accredited with being one of the outstanding business successes of the United States. He was brought to Dallas by the Dallas Wholesale Merchants' Association to speak daily before the buyers on questions with which he has been confronted in his thirty-one years' experience in the operation of his store at Devil's Lake.

"In the early days I learned two invaluable lessons," he said. "The first was that doing business on a cash basis is one of the soundest principles in America today. The second, and equally important, was that, regardless of what a man has to sell, he must advertise it."

Talking on the lessons he has learned througout the years of his business experience. Mr. Mann laid special stress on the merits of discounting. During one year recently he said he had borrowed $20,000 in order to be able to secure the discounts on the heavy volume of purchases he made.

"Buy on discount sell for cash and advertise," he emphasized. "I am not urging merchants who have ideal systems of credit to institute the cash basis. But there are so remarkably few business men who are so fortunate that I can talk at radom and hit the majority of you.

"I am not and have not been backward about refusing credit to a man whom I did not think would pay up, and pay up promptly. All merchants know that they make many enemies by being forced, for their own protection, to stay after their poor pay customers. And, if you are doing a regular credit business and refuse credit, you add other enemeis.

"People are most frugal and more saving when they are buying on a cash basis. You will not lose your trade and will be helping yourself and your patrons by this system.

"Getting back to advertising. The man who figures he is throwing money away when he advertises is missing one of the greatest opportunities and making a serious mistake." Here he told of the tremendous volume of merchandise handled daily by the big mail order houses and attributed the bulk of their sales to their advertising.

"You cannot blame the people for buying mail order goods when you do not advertise at all," he said. "Few establishments, even the largest in the country, pay out more than 2 or 3 per cent of their gross receipts on advertising. But the heaviest advertisers reap the biggest profits.

"Let the people know what you have in stock," he declared. "Ask their support and consideration and you will get it. The silent message of advertising in the newspapers, the solicitations you make to the people through such medium, the information thus divulged will mean a small or large fortune to you.

"In America today 95 per cent of the grocers do not advertise at all. They do not think it pays. But look at the daily papers at any time and you will find the Piggly-Wiggly stores prominently mentioned in well arranged and attractive ads. It has paid this system handsomely, and you can get the same results."

Touching on the departures from the old methods of business, he spoke of the new methods of placing the goods out where the customers can see them from a close-up view. This is a form of advertising and has proved that the people are becoming more and better educated in buying. The card system of showing prices on the various goods was also heartily commended.

"During my week's stay in Dallas," he said, "I hope to get the manufacturers, jobbers and retail business men of Dallas all together on one occasion. At this time I shall attempt to counsel with them on the advisability, the necessity, of the closer cooperation.

"The manufacturers and the jobbers are friends to the merchants of the Southwest. When your business goes wrong, and it seems impossible to meet your payments for goods, do not try to put the matter off. Go direct to the credit men of the institutions and tell them your troubles. You will find that they are more than ready and willing to help you.

"In closing, let me emphasize, as I did when I started—advertise and sell on a cash basis."—Dallas News.

NOTICE IN PROBATE.

THE STATE OF TEXAS
To the Sheriff or any Constable of Milam County—GREETING:

You are hereby commanded to cause to be published once each week for a period of ten days before the return day hereof, in a newspaper of general circulation, which has been continuously and regularly published for a period of not less than one year in said Milam County, a copy of the following notice:

THE STATE OF TEXAS.

To all Persons Interested in the Estate of John Howard Pfarrdrescher, a boy ten years of age, and Frank George Pfarrdrescher a boy seven years of age, George T. Graves has filed an application in the County Court of Milam County, on the 23rd day of August 1923, for the appointment of Guardian in said estate which said application will be heard by said Court on the 1st day of October 1923, at the court house of said County, in Cameron Texas, at which time all persons interested in said Estate are required to appear and answer said application, should they desire to do so.

Herein Fail Not, but have you before said Court, on the first day of the next term thereof, this writ, with your return thereon, showing how you have executed the same.

Witness my hand and official seal, at Cameron this 23rd day of August 1923.

H. M. ROARK, Clerk,
County Court, Milam County, Texas
By J. O. Hughes, Deputy. 18-3t

HEAD STUFFED FROM CATARRH OR A COLD

Says Cream Applied in Nostrils Opens Air Passages Right Up.

Instant relief—no waiting. Your clogged nostrils open right up; the air passages of your head clear and you can breathe freely. No more hawking, snuffling, blowing, headache, dryness. No struggling for breath at night; your cold or catarrh disappears.

Get a small bottle of Ely's Cream Balm from your druggist now. Apply a little of this fragrant, antiseptic, healing cream in your nostrils. It penetrates through every air passage of the head, soothes the inflamed or swollen mucous membrane and relief comes instantly.

It's just fine. Don't stay stuffed-up with a cold or nasty catarrh.

The Quinine That Does Not Affect The Head

Because of its tonic and laxative effect, LAXATIVE BROMO QUININE (Tablets) can be taken by anyone without causing nervousness or ringing in the head. E.W.GROVE'S signature on box. 30c.

BE PRETTY! TURN GRAY HAIR DARK

Look Young! Nobody can tell if you use Grandmother's simple recipe of Sage Tea and Sulphur

Almost every one knows that Sage Tea and Sulphur, properly compounded, brings back the natural color and lustre to the hair when faded, streaked or gray. Years ago, the only way to get this mixture was to make it at home, which is mussy and troublesome. Nowadays, by asking at any drug store for "Wyeth's Sage and Sulphur Compound," you will get a large bottle of this famous old recipe, improved by the addition of other ingredients, at a small cost.

Don't stay gray! Try it! No one can possibly tell that you darkened your hair, as it does it so naturally and evenly. You dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning the gray hair disappears, and after another application or two your hair becomes beautifully dark, glossy and attractive.

KLANSMEN VIOLATING NO LAW SET UPON BY MOB

ONE KILLED AND MANY INJURED BY ENEMIES NEAR PITTSBURG CITY.

Although the district attorney states that Klansmen were violating no law in parading near Pittsburg Saturday night, they were set upon by a mob and one of their number killed.

Because of the extremely prejudiced attitude of the press nothing will be printed in favor of the Klan and in reprinting this dispatch the Herald feels in justice to the public, as a newspaper printing the truth to call attention to this fact.

Pittsburg, Pa., August 26.—One white robed klansman was killed, another man seriously wounded and an undetermined number of other persons hurt during hours of rioting precipitated by an attempt of Ku Klux Klansmen to parade through the village of Carneigie, a suburb, last night after a spectacular demonstration on a nearby hill. Carneige was quiet tonight.

Thomas R. Abbott of Atlasburg, Pa., was shot through the head and died in a doctor's office a few minutes later, and Stephen Jarzombek, a bystander was seriously wounded. Others of the wounded included klansmen and rioters. A few were taken to hospitals, but the greater number were hurried away by their friends and no record left with the authorities.

Ten klansmen, arrested while directing automobies to the klan meeting, were each fined $10 in the Carnegie police court today for illegally carryin weapons. Sixteen men who were taken from automobiles bearing the glan insignia by Pittsburgh police after the rioting, were given their liberty today. County officers arrested Patrick McDermott, a Carneige undertaker in connection with the shooting of Abbott. They also sent to the Allegheny county jail W. K. Flaherty and Joseph Joyce of Carnegie, upon a charge of carrying concealed weapons.

Five hundred or more Knights of the Ku Klux Klan late today assembled on a hill overlooking the suburban town of Carnegie. Chief Braun, of the Allegheny county detective force, immediately dispatched a deputy to the hill with orders to notify the klan leaders that a demonstration in the village would not be permitted, and unless they dispersed before nightfall he would not be responsible for what might happen.

When the officer reached the hill he found a large number of persons there, but was assured that no klan meeting was in contemplation. The klansmen declared they were simply removing the paraphernalia taken to the hill for last night's demonstration.

Meantime McDermott was in the county jail, charged it was said by the authorities, with killing Abbott, and scores of persons were in hospitals and at their home suffering from injuries sustained in the fighting.

Dr. W. H. Evans of Dallas, imperial wizard of the klan, was the principal speaker at a demonstration attended by klansmen of the western Pennsylvania district. which preceded the march, tonight issued a statement in which he declared the order would press for the punishment of Abbott's "murders" and offered a reward of $2,500 for their arrest an conviction.

The most seriously hurt of the many persons injured in the fighting was Stephen Jarzombek, of Carneige, who was shot in the stomach. Physicians said he had a good chance for recovery, although he was badly wounded. A boy was sent to a hospital with a bullet in his foot and many other persons were attended by surgeons near the battle ground. One Carnegie doctor said today that he had dressed no less than a dozen wounded persons in Heidelberg, a village near Carneggie while many Pittsburgh doctors reported similar cases, but said none of the injuries was serious.

The men were arrested by Carnegie police before the rioting started were today fined $10 each under a borough law for having arms in their possession. They had stationed themselves along the principal streets and were directing automobiles bearing the klan insignia to the meeting ground on the hill.

This action led the district attorney to declare that the county would direct its efforts to prosecuting those arrested in connection with the rioting, as tehre was no Pennsylvania law which prohibited such meetings as that held by the klansmen he said.

The rioting came after the most spectacular meeting of klansmen ever held in this section. Hundreds of automobiles began to arrive at the hill early Saturday evening, and by 9 o'clock, it was estimated that fully 25,000 persons had given the password and passed within the enclosure, scores of them women. The place was brillinantly illuminated with electric lights and after a large class had been initiated, Dr. Evans delivered an address. Several thousands of the klansmen were then formed into line and marched down toward the village.

The greatest excitement had marked the entire evening in Carnegie. The commanding postion of the hill on which the klan had gathered had aroused the entire countryside, and thousands of persons had poured in. They lined the principal streets and waited for hours for the parade to start. The greatest assemblage was where the line of march passed over Chartiers creek and just before the head of the parade reached that point an automobile was drawn up across the bridge.

As the klansmen wound down off the hill, preceded by an automobile carrying three men and a woman, Carnegie policemen on the bridge ordered them to halt, saying the parade could go no further as no permit had been given.

The klansmen appeared at a loss just how to proceed when suddenly the fighting began. Some one tossed a bottle and then a few stones gathered from the railroad right of way nearby and in spite of the efforts of police to restore order the crowds surged into the street. An American flag was torn from the leading automobile and the klansmen's ranks broke as they rushed forward. They fought their way on each side of the machine and down the street. There was a desultory shot or two, the combatants confining themselves to bottles bricks and stones.

A city detective in the crowd made his way to the front and recovered the flag and the fight swept by him. Half a black further on, Abbott, a machinist, was shot and klansmen quickly carried him into a physicans office nearby. He died on the operating table.

Meantime a party of klansmen had swept around the block through side streets and engaged the crowd further in toward the business center.

Four of their number were carried into a butcher shop where their wounds were attended by a doctor and they were then hurried away by their friends. Many similar instances were reported to the authorities.

The greater number of klansmen had remained in the road near the bridge, watching the fight in the street beyond. County officers pleaded with them to go back to the hill and in the course of half an hour the order was given and they marched away. Soon they were in their automobiles homeward bound and before daybreak the hill was deserted, while the crowds in the streets gradually melted away.

County officers patrolled Carnegie all of Sunday, but the streets were almost deserted until late in the afternoon when it was seen that men were again gathering on the hills, then little knots of citiens appeared but there was no disorder.

TWICE PROVED.

If you suffer backache, sleepless nights, tired, dull days and distressing urniary disorders, don't experiment. Read this twice-told testimony. It's Cameron evidence—doubly proven.

J. D. Cone, carpenter, Third St., says: "I had been troubled for some time with my kidneys. There was a weakness across my back and at times, it became very painful. There was an irregularity of the kidney secretions and at times, they were profuse in passage and highly colored. I was compelled to lay off work for several days. I procured a box of Doan's Kidey Pills, and through their use, I was soon feeling better in every way."

Over Seven Lears Later, Mr. Cone added: "My faith in Doan's Kidney Pills grows stronger as the years go by. Never have Doan's failed to do all I could wish them to."

Avoid Loose Thinking

Get Your Facts From Nelson's

Clear vision comes from clear thinking and clear thinking can come only from accurate knowledge and dependable information. Vague and inaccurate information is worse than none at all. Clear thinking based upon dependable facts marks the successful man—the man of decision and action. Nelson's Loose-Leaf Encyclopaedia is a camplete Reference Library, accurate, concise, authorative. It covers the whole field of knowledge from the dawn of civilization to the present day. Fifteen minutes a day with Nelson's will enable you to think clearly, to decide promptly, to be a leader among men.

The World's Greatest Educator

Nelson's

Perpetual Loose-Leaf ENCYCLOPAEDIA

& Research Bureau for Special Information

ALWAYS DOWN TO DATE

Every subject on which man would be informed is changing constantly. Nine times out of ten, the information you want is of current issue—a topic of today. All Encyclopaedias except Nelson's are deficient in this important and essential thing. The information which is obsolete does more harm than good. You do not use a City Directory that is two years old. Why use an Encyclopaedia that is five or ten years old?

ALWAYS NEW—Every 6 months all subscribers to NELSON'S receive their renewal pages—250 pages or more—between 500 and 700 pages each year. These include over 2,000 changes each year and keeps NELSON'S perpetually accurate and down to date.

FREE EDUCATIONAL READING COURSES

Nelson's Reading and study courses in UNITED STATES HISTORY, BUSINESS ECONOMICS, NATURE STUDY, AGRICULTURE AND HOME ECOMIMICS are declared by educational authorities to be equal to a college course and training in each of these departments.

NELSON'S FREE RESEARCH BUREAU.

FOR SCIENTIFIC REPORTS AND SPECIAL INFORMATION AND CORRESPONDENCE. Every purchaser of Nelson's is entitled to free membership in this Bureau. If at any time you are at doubt on any subject, old or new, write to this Bureau with the positive assurance that you will promptly receive the latest obtainable and most dependable information.

THIS WONDERFUL ENCYCLOPAEDIA.

brings to you the knowledge of the centuries. It stands ready to answer any conceivable question in Aeronautics, Agriculture, Astronomy, Biography, Biology, Botany, Chemistry, Education, Electricity, Engineering, Mechanics and Machinery, Geology and Geography, History, Law, Mathematics, Medicine and Surgery, Military and Naval Science, Music, Literature and the Fine Arts, Political Science, Sociology and Economics, Religion, Sports, Technology and Manufacturers.

Nelson's treats upwards of 1,000,000 topics, has more than 500 maps, including new (1923) Maps of Europe, Africa, Arabia, Jugo-Slavia, Germany, France Belgium, etc., etc., and 7,000 illustrations to clarify the text, including text cuts, colored plates, photographs, charts, etc.

Uncle John's Valedictory

"Lightning struck the traveler and his journey ended."

An old time friend of my early days (now long since gone) before prohibition came was what is (or was) termed a "periodical drinker," and when he was in one of these "periods" was as funny as a clown. A part of his performance was the many quaint, comical expressions he used, the one above quoted being a sample.

When I first sat down to compose a final farewell to the Cold Drink business, it popped into my mind and in an allegorical sense seemed to cover the case in a nutshel.

An exceptional opportunity unexpectedly struck me full in the face, and when the effect of the shock was over, the business was gone, which I can yet hardly realize. A splendid young man, admirably equipped for the business, perfectly agreeable to my associate, willing to make a fair deal wanted the business and in position to pay for it, was a combination not to be found every day so after mature consideration and a long argument pro and con, with myself, the decision to accept the opportunity was considered best for all parties concerned and especially for my own welfare. Sooner or later, it had to come, in fact, owing to my advanced age and attendent physical infirmity, I was not able to give it the attention and service really necessary, which was the only consideration that decided the question, and that is how it all came about, that Mr. B. F. Bonds, whose handsome, smiling face has been greeting you at the Cashier's window of the First National Bank, for the past esveral years, has taken over all the assets, right, interest and good will I had in and to the business of Tucker & Tyson, likewise assuming all the liabilities, and obligations incumbent on me in said business, and hereafter in my stead will meet and greet you with that same handsome face and pleasant smile, which by the way, along with his other good qualifications, is quite a valuable asset in this special business, and, no joking, he is there with the grapes.

I am speaking from experience and (if you will pardon the little bouquet to myself) in the spring time of my life was rather a "Jim Dandy" of a fellow in that line myself. But alas, those youthful charms of the days when my "knighthood was in flower" like the "last rose of summer" are faded and gone. In severing the business relationship and association of 35 years duration, it brings a tinge of sadness and a kind of feeling that I am losing a part of myself.

I began it on a capital of $200 borrowed from Perry Wilkerson, Sr., another old time friend also long since departed.

From the beginning, I have had the friendship, good will and generous patronage of the people all the way down to the present, and once more, I now express my earnest appreciation of these kindnesses to all now living, who thereby made possible what success I have attained. I am not retiring on "easy street" however.

Have had my ups and downs and some hard knocks, on the way, but am glad to say that whenever help was needed to tide me over these squalls, I was always able to get it.

At the beginning, two things, I determined should govern me, deal square and make my word good, at any sacrifice and as near as it was possible have plumbed the line.

In suming up the results, there are three things I am especially proud of: 1st. In time of need there were always friends who stood by. My creed is that a man generally gets what he deserves. While I paid the price of the needed assistance, I am proud of the fact that the moral standing and business rating had with the small part of the business world dealt with, was of such a character as to make it possible to deserve favors rendered.

2nd. I have never failed yet. Statistics say that about ninety out of every hundred business ventures go under. While I have not made such a "howling success"at least am entitled to be listed with the lucky ten who got there Eli.

3rd. Have no enemies, but hosts of friends. It has been said that a man who has no enemies never amounts to much, or words to that effect. Measured by that standard, my grade would be low ordinary for if there is a person now living who bears your Uncle John any ill will, he is not aware of it, and I am glad it is that way, just the same.

And now as to future plans in which many seemingly feel an interest, this is all so sudden I have scarcely had time to think about it. This valedictory is only saying good bye to the cold drink business, am not quite a dead one yet, and as before stated am not resting on easy street, even had I been so fortunate, should not be satisfied or contented to idle away the balance of my days while my physical ability lasts to "turn an honest penny," but I will have to find something that is a little softer than the soft dring business. Thrinking it over atz this time, if I could choose my job, nothing would please me better than a little office for one or two terms. This choice will be up to you to decide and it may come about that I submit it to you, asking you as a crowning act to the many kind ones rendered in the past to bestow this favor upon me.

However it would have to a case of "the office seekin' the man" as in olden times. If it should be required of me to undergo as is the custom now, a six months or a years campaign, in order to inform each and every voter that I was a candidate, and would very much appreciate his or her support, I would not go through with it now, even were I assured it would give me the office and of course the chance of losing would have to be reckoned with. Neither my financial nor my physical condition would warrant such a risk, and that is how the matter stands on that selection.

If from these suggestions, sufficient encouragement should develope to justify any further action in the future, you will be duly notified. Otherwise the incident will remain closed, leaving me to hunt some other job suited to my ability.

Regardless, however, of what the future may bring forth, before the curtain drops, I most gladly commend to all my friends and the public generally, the two young men who will hence forth be pleased to meet you at the old stand, which I hope you will still continue to visit and make yourselves at home. They will treat you well and appreciate your patronage.

In my own behalf, my best wishes attend you all. This has always been my home and here I expect to remain the balance of my days be they few or many. May we continue to dwell together in peace, joy and friendship to the end.

J. M. TUCKER.

SEES AUTOMOBILE AS AN OPPORTUNITY.

"Any automobile is nothing more nor less than an opportunity," says G. C. White of the White-House Motor Company.

"Some men make the most of it—others fail to improve more than a fraction of the opportunity for comfort, convenience and pleasure that the car builder has put into their hands.

"Getting the most out of an automobile depends largely upon the local facilities that exist for meeting the daily needs of car ownership. Unless the local car dealer provides these the owner finds it difficult to obtain them. And his opportunity for satisfaction in car owenrship is enhanced or diminished exactly as the dealer meets or ignores this responsibility."

The White-House Motor Company has received a car load of Chevrolet Automobiles in all sizes and types and and will distribute them among the auto buyers of the county. Some difficulty has been experienced in getting cars but Mr. White hopes now to make fair deliveries du ringhtaeflnuup fair deli ierdsiurngtypesallhpLneNU fair deliveries during the fall months.

MAY HAVE FOUND ASPHALT IN LIBERTY HILL TEST.

Rockdale, Texas August 27.—At Liberty Hill, about twenty miles west of Barelett and three to five miles west of the Balcones Fault line, a company of Granger operators are putting down a test, drilling now at around 700 feet in their No. 1, Hunt. Large quantities of a mineral, coal black in color and gilstening like coal, exudes from the ground and from underneath the country rocks. This is declared to be asphalt and there are specimens of the mineral on exhibition in Granger and Bartlett. Specimens of the mineral are said to have come up with the bit from the hole. If the mineral is asphalt, and in sufficient quantity, the operators think they will have a better find than oil.

The Quinine That Does Not Affect The Head

Because of its tonic and laxative effect, LAXATIVE BROMO QUININE (Tablets) can be taken by anyone without causing nervousness or ringing in the head. E.W. GROVE'S signature on box. 30c.

WILL DRILL 3,500-FOOT TEST NEAR ROCKDALE.

Rockdale, Texas. August 27.—Preparations are being made by the Baggett Bros. Drilling Company to move a heavy rotary rig on the Lensing-Bennett-Batte tract, north and west of the San Gabriel River and begin drilling a 3,500 foot test for the Texas Petroleum Development Co., which contract was announced as having been closed several days ago. The tract lies about seven miles north and west of Rockdale.

EVANS' Corner

This corner is devoted to business, politics and general news.

School time will soon be here.

The child may need their eyes tested, treated and etc.

This is something you should take into careful consideration.

LADY WAS IN A BAD FIX FROM NERVOUS INDIGESTION

Biloxi, Miss.—"I had, for a year or more, nervous indigestion, or some form of stomach trouble," says Mrs. Alonzo Ford, 1117 Clay Street, this city. "The water I drank at that time seemed to constipate me. I would suffer until I got so nervous I wanted to get down on the floor and roll. I felt like I could tear my clothes.

"Every night, and night after night, I had to take something for a laxative, and it had to be kept up nightly. My side would pain. I looked awful. My skin was sallow and seemed spotted. I would look at my hands and arms, and the flesh looked lifeless.

"I happened to get a Birthday Almanac, so I told my husband I would try the Black-Draught, which I did. I took a few big doses. I felt much better. My liver acted well. I made a good, warm tea and drank it that way. Soon I found that nervous, tight feeling was going, as was the pain in my side. I found I did not have to take it every night. Soon, after a few weeks, I could leave it off for a week or so, and I did not suffer with constipation. . . I gained flesh. I have a good color, and believe it was a stubborn liver, and that Black-Draught did the work.

"I went to my mother's (Mrs. Deeters) one day, and she wasn't well at all. . . I told her we'd try Black-Draught. We did, and now she keeps it to take after eating. It certainly helped her, and we neither will be without it in our homes. It is so simple, and the dose can be regulated as the case may be. We use small doses after meals for indigestion, and larger doses for headache or bad liver."

Thedford's Black-Draught liver medicine is for sale everywhere. I 84

HORSE RACES TO BE BIG COTTON PALACE FEATURE

Some of Finest and Speediest Horse Flesh in Country to Compete For Big Prizes

Waco, Texas.—The announcement by Chairman Ralph McLendon of the racing committee of the 1923 Cotton Palace that horse racing will again be featured at the exposition this year for the first time since 1917, is good news to the many horse racing fans of the Southwest, as well as others who have never experienced the thrill of "seeing the ponies go," but who will be enabled to view this exciting sport for the first time.

Horse racing is still the king of all dirt track speed events, as is proven by the great interest taken in this diversion in Kentucky and England where this is the chief of all forms of sport.

Six years ago the last horse race on the Cotton Palace oval was held at the exposition in the fall of 1917, and attracted greater crowds than had ever before witnessed a race in Texas. This year, 1923, will be even greater in horse racing than 1917, or any previous year in which the animals have been brought to Waco, because the finest of all horse flesh will be brought to the great exposition from October 20 to November 4, and attending crowds will have the privilege of witnessing races equal to the great derbies which have made the English sport world noted.

The handsome purses offered this year at the greatest Cotton Palace which has ever yet been staged, have already attracted many of the fastest steeds of the southwest, and notices that others will be entered are coming in daily to the racing headquarters.

The horse races will be but another thrill of the many features which, combined will make up the greatest exposition this part of the country has yet witnessed.

LIVESTOCK SHOW GREATLY ENLARGED

This Department of Cotton Palace Offering Handsome Premiums; Dates Oct. 20 to No. 4

Waco, Texas.—Again the Cotton Palace scores favor with the farmers and livestock men. The announcement now comes from Chairman F. E. Goodman of the livestock show for the 1923 exposition, that all premiums for prize winning stock at the Cotton Palace will be one-third larger this year than they have ever been at any time in the previous history of the exposition.

Mr. Goodman has already received information from many of the largest stock breeders in the United States to the effect that they will be well represented at the livestock show this year. Texas is the center of the greatest livestock raising country of the world, and Waco is the center of Texas; and the assurance is given that in the Cotton Palace exposition grounds, more particularly the livestock buildings, will be centered the choice of the premium blooded animals of the southwest.

The most noted hogs, cattle, sheep, goats, and other livestock, of all the famous lines of the world, will be on exhibition from October 20 to November 4 at the Cotton Palace grounds. The large amounts which are given to the prize winners should interest all livestock breeders and farmers if they have blooded animals for show purposes, and the distinction going with the winner of a prize at this, one of the greatest livestock shows of the southwest, is an added feature of advertising and selling purposes, invaluable to the breeder of fancy stock.

Waco, Texas.—Low rates will be in effect on all Texas railroads for the Texas Cotton Palace Exposition at Waco, Oct. 20 to Nov. 4. Tickets can be bought from any point in the state at greatly reduced rates.

MRS. THERESA GARTNER.

Mrs. Theresa Gartner, who has been a resident of Cameron for 51 years, died at her home in this city last Thursday, at 5 o'clock, p. m. August 23, 1923.

She had lived a long and useful life in our midst and was held in affectionate esteem by the citizens of Cameron. She was a devoted Christian, a member of the Catholic church and her life has been a blessing to all who knew her.

She was laid to rest Friday afternoon in Oak Hill Cemetery, beside her husband and two sons, Father Spinneweber, pastor of St. Monica Catholic church, conducting the funeral service.

Theresa Merkel was born in Coblentz, Germany, February 17, 1834. At the age of 12, she came with her father, mother and five brothers and sister to America, landing in Galveston. At the age of 18, she was married to Joseph Wrede of Houston. Some years after their marriage, Mr. and Mrs. Wrede moved to British Honduras and lived in Bluefield and also in Nicaragua. Returning to the United States, they stopped first in New Orleans where they lived for 27 years. They moved again to Houston where Mr. Wrede died leaving his wife with one son, Richard Wrede, who lived in Cameroncmfwyp Wrede, who came to Cameron when a young lad and died a few years ago.

After the death of her first husband, Mrs. Wrede was married to John Gartner and moved to Cameron in 1872.

Two children were born to this union, a daughter Miss Agnes, who survives her mother, and one son, Charles, who was employed in the Cameron Post Office for several years and at the time of his death was rail road postal clerk, between Cleburne and Galveston.

Mr. Gartner conducted a furniture store in Cameron for many years. His store was located on the corner where Joe J. Michalka's Service Station now stands. Retiring from business because of the loss of his eyesight, he lived many years enjoying the home his labor had provided and found great pleasure in teaching his daughter music, having cultivated his own talent in this art to a considerable degree.

Mrs. Gartner has been in poor health for several months and was taken seriously sick on Wednesday before her death. She had the constant and untiring attention of her daughter and every care that love could bestow.

This daughter, Miss Agnes, and one grand daughter, Miss Laura Wrede of Houston are the only surviving members of her family.

A short service was held at the home Friday afternoon and the body then carried to the Catholic church for the final service.

Miss Laura Wrede, T. A. Hass and Miss Louise Hass of Houston, John C. Oxenford and daughter, Victoria, of Navaota were out of town relatives and friends who attended the service.

"ROBIN HOOD" IS COTTON PALACE FREE ATTRACTION

Douglas Fairbanks' Masterpiece To Be Shown Three Saturdays and Sundays

Waco, Texas.—The directors of the 1923 Cotton Palace have been unusually fortunate in securing as one of the many free attractions at this year's exposition, "Robin Hood," Douglas Fairbank's masterpiece, known throughout the motion picture world as the greatest photoplay yet produced.

"Robin Hood" is to be shown in the coliseum on the three Saturdays and three Sundays of the exhibition free of charge to all who have paid the entrance fee to the grounds.

In the production of this most magnificent work of all cinemadom, more than 10,000 people were employed. Corps of research experts were employed five months in a search of the world's most famous libraries to obtain authentic data for this stupendous production. A special illuminating plant for "Douglas Fairbanks in Robin Hood" was employed, the lighting for one "set", that of the banquet hall in King Richard's castle, being sufficient to light the entire city of Los Angeles for seven hours any night. This particular banquet hall covers more ground space than the very spacious concourse in the Pennsylvania railway terminal station of New York City, the largest passenger station in the world.

A total of 50,000 feet of heavy copper wire was used and as many as 350 lamps were required in lighting a single scene, not including forty huge sunarcs.

Facts and Figures About New Film

Every weapon carried in the production was made entirely by hand. There are 2,000 spears, 1,500 swords, 2,000 shields, and 500 daggers.

Saddles and trappings were made for hundreds of horses, all hand-made and hand-sewed.

In making an exact duplicate of the standard used by King Richard I in his crusade to the Holy Lands, 300 pounds of iron were necessary.

An army of 10,000 extra people is being employed in different scenes at different times.

The prodigal use of handwork on all effects in "Douglas Fairbanks in Robin Hood," is not a careless extravagance, but serves to illustrate the absolute authenticity of the production, for in the period depicted machinery was little used, metals and almost all materials being worked by hand.

"In starting this production," said Allan Dwan, who directed Mr. Fairbanks in this picture, "we felt much as we did when we went to the Grand Canyon several years ago to make scenes for "The Modern Musketeer." We didn't undertake to photograph the canyon at once—its magnitude appalled us. It was so vast, so big. That's the way it was in starting on this new spectacle. At first we thought we would crash right into one of the big scenes showing a thousand knights in armor lined up for a tournament. But this undertaking was so big that it staggered us. So instead we decided to photograph the scene in Richard's tent, which we figured would give us courage enough to try one of the big outdoor shots showing the resplendent knights with their plumed helmets and flashing spears."

The magnitude of this feature is such that several months were required in which to "shoot" it.

"Robin Hood," is an example of one of the many free attractions scheduled on the program of the 1923 Cotton Palace, all of which have been chosen with but a single thought,—to get the best in what the people wanted for their entertainment at their exposition.

Waco, Texas.—Low rates will be in effect on all Texas railroads for the Texas Cotton Palace Exposition at Waco, Oct. 20 to Nov. 4. Tickets can be bought from any point in the state at greatly reduced rates

TWENTY-EIGHT YEARS AGO

(From the files of the Herald)

Not a rent house in Cameron.

Mrs. C. M. Brown has moved to the Hotel Brick and C. L. Moody will take charge of the Commercial.

A reading club has bees organized and the Baptist Parsonage rented for library rooms.

The High School will begin next Monday with the following corps of teachers: E. A. Cochran, superintendent, W. B. Adams, principal, Miss Ada Henderson, First Grade Miss Annie Chandler, Second Grade, Miss Ida Harris, Third Grade, Miss Bettie Robertson, Fourth Grade, Miss Miss Ida Dorroh, Fifth Grade, Miss Jennie Templeton, Sixth Grade, Miss Lila Humphiries. Seventh Grade.

Mrs. J. D. Hefley spent last week in Houston visiting her mother, Mrs. S. A. Pannel.

Miss Bessie Strelsky of Rockdale is in the city on a visit and is the guest of Miss Estelle McIver.

The following persons visited Galveston last Sunday: J. W. Brewer J. D. Womack, Caddie Wallace, Joel T. Arnold, Julian Arnold, Master Johnnie Arnold, Tode Terry, Bob Morris, Kinch Hawthorn, Maje Ford, John Dobbins, C. L. Moody, W. K. Dickeinson, Dave White, R. C. Wight Matt. B. Bailey.

Miss Lillie Ford will begin a music class at her home in the western part of the city on the first Monday in September. Rates $3 per month, lessons one hour each day.

It is claimed there are 1.500 applicants for pardon on file in the governors office at Austin, and so many pilgrims seeking executive clemency for their wayward relatives and friends that Governor Culberson has to hide out when he wishes to attend to his executive duties.

EDITORIAL CORRESPONDENCE.

Chattanooga, Tenn., August 27, 1895. —We arrived here this morning, having had a pleasant trip. Chattanooga is a smoky city caused by the large number of foundries.

I desire to call attention to one matter and this is on the rail roads after leaving home, methods were different. This side of New Orleans men drank whisky, played cards, for money and smoked cigars in the ladies coach. Had they attempted that in our state they would now be in the hands of officers. It is with pride that ye think of our own imperial Texas.

O. F. McAnally.

BRANCHVILLE NEWS.

The camp meeting conducted by Rev. Jeff Childers an son T. V., assisted by Brs. More, Stewart and Kelley closed with great and grand results, 119 conversions and reclamations. Many a heart felt God bless you will follow our brothers to their next field of labor in the Indian Territory.

The Baptist meeting which followed held by our pastor, Brother Kerby, assisted by Bro. Airheart the sweet singer, has also closed, 19 accessions to the church. We had a good meeting and believe much good has been done.

Mrs. Kerby who has been quite sick at the residence of Mr. Mr. R. Looney is rapidly improving.

We regret to announce the death of Mrs. Carlton who died very suddenly of sun stroke.

R. H. Foster of the firm of R. V. Foster and Son. left this morning for Galveston on business.

Master Joe Foster and little sister Elsie are visiting their Auntie in Terrell.

Miss Jennie Lucas is the guest of Miss Cilla Payne.

Mrs. Fannie Pool is visiting her daughter, Mrs. M. R. Looney.

Prof. Sharp resumed his school this morning with very good attendance.

BAND CONCERT.

The Cameron Muncipal Band will give its regular weekly concert at the City Park Friday evening, August 31, 1923.

The following program is announced to begin at 8:15:

Magneta—Overture—Will Huff.

Under the Double Eagle—March—J. F. Wagner.

Toot, Toot, Tootsie—Fox Trot—Kahn, Erdman and Russe.

Serenade—"In Twlight's Witching Hour,"—D. W. Phipps.

16th Regiment Band—March.—Geo. Rosekrans.

Smilax and Roses—Waltz—W. L. Skaggs.

Royal Palm—Overture—K. L. King.

March R. M. B.—Ralph C. Jarrett.

CATON-DOSS.

Miss Mabel Caton of Temple and Mr. Carl Easley Doss of Dallas were married Sunday morning August 26, at 9 o'clock at the home of the bride's uncle, Mr. C. H. Ruby in this city.

Rev. B. A. Hodges, D. D., of Temple performed the ring ceremony in the presence of the immediate relatives and a few close friends of the contracting parties.

The home was prettily decorated with cut flowers and an improvised altar was built of ferns before which the happy couple stood to plight their troth.

Before the ceremony, Mrs. Alex Triggs sang "The Sweetest Story Every Told." Miss Lorena Ruby, a cousin of the bride, played the wedding march.

Mr. and Mrs. Doss left immediately after the ceremony for Waco where they visited for two days and from that city went to their future home in Dallas.

Miss Caton was a Temple girl and received many social courtesies from friends in that city after her wedding was announced. She is a sister of Miss Ruby Caton of Cameron and has been a frequent visitor in her uncle's home and has made many friends here.

Her wedding gown was of brown broacaded crepe with harmonizing accessories, with a corsage of Lillies of the Valley and pink sweetheart buds.

Mr. Doss is a special agent for the Sasley Insurance Company of Dallas and stands well in his home city.

Mr. and Mrs. Avriett Laramey, Mrs. B. A. Hodges, Mr. and Mrs. Willis and Mr. McDaniel, Temple relatives and friends were here for the wedding.

Cures Malaria, Chills and Fever, Dengue or Bilious Fever. It destroys the germs.

SULPHUR IS BEST TO CLEAR UP UGLY, BROKEN OUT SKIN

Any breaking out or skin irritation on face, neck or body is overcome quickest by applying Mentho-Sulphur, says a noted skin specialist. Because of its germ destroying properties, nothing has ever been found to take the place of this sulphur preparation that instantly brings ease from the itching, burning and irritation.

Mentho-Sulphur heals eczema right up, leaving the skin clear and smooth. It seldom fails to relieve the torment or disfigurement. A little jar of Rowles Mentho-Sulphur may be obtained at any drug store. It is used like cold cream.

Presenting

Distinctive Modes

FOR FALL

There is a dazzling array of frocks, wraps and suits, each strikingly individual yet adhering to the new vogue. The slender silrouette is still decidedly in evidence and there are many clever adaptions of the semi-circular styles.

HATS THAT EXPRESS THE NEW VOGUE

The close fitting hat with its smartly up-turned or drooping brim has always been Milady's favorite and it is here in a hundred charming variations.

DRESS GOODS BEAUTIFULLY PATTERNED

The mode tends to the vivid stripes and checks for the fall wear and the artistic designings will make you proud and happy over the vogue. Many of the patterns cling to the Oriental and are charming in their uniqueness.

SHOES OF DISTINCTION AND STYLE

The new fall shoes are without equal in style and workmanship. Shoes for men, women and children, for fall wear are here in very moderate prices.
Come in and look through our New Fall Dry Goods.

Triggs Dry Goods Company

CAMERON, TEXAS

FIGHT ON LASH AND NOT ON KLAN SAYS WATSON

OKLAHOMA GOVERNOR NOW PUTTING MOB RULE DOWN IN STATE.

Oklahoma City, Okla., August 24.—Gov. J. C. Watson, instigator of the martial law regime at Tulsa, which last night resulted in the sentencing of three self-confessed masked floggers, today turned his attention to Kingfisher county where a flogging was reported three weeks ago.

The governor dispatched a telegram to C. W. Smith, county attorney at Kingfisher, asking a report on the attorney's investigation into the alleged whipping and warning him that "some results within a few days" were expected.

At the time the whipping was first reported Governor Walton demanded immediate action by the Kinkfisher county authorities and was told that the matter was being investigated. Since then he said, he had heard nothing.

Asked if there was a possibility that martial law might be declared in Kingfisher county the governor said:

"There's no telling. I am determined to stop lash rule."

The governor said that since he placed Okmulgee county under martial law recently there had been a material decrease in the number of whippings reported to his office.

He said he wanted to make it plain that the investigation by the military in Tulsa was not directed at the Ku Klux Klan, as such. He said that the fact that the men sentenced there last night were klansmen was not an essential feature of the incident.

"The investigation is not directed against any organization. All whippers apprehended will be handled the same regardless of whether or not they belong to the klan or any other organization," the governor said.

"I am after the whippers whoever they are."

Tulsa, Okla., August 24.—Possibility that the sentences imposed last night on Ben F. Sikes, Grover C. Sikes and Earl Sack, confessed floggers, might be voided was seen by county officials here today when it was reported that the scene of the whipping for which the men were sentenced was about a mile outside the jurisdiction of the court in which they were sentenced.

WHO BUTTERS YOUR BREAD?

A reliable Texas creamery manager is authority for the statement that Texans buy annually 5,000,000 pounds of butter from oustide states. "Who Butters Your Bread?" will be an astounding story of neglected dairy opportunities in Texas, which will be published in the Magazine Section of the Herald September 13. The story is impressive and will furnish food for thought that should take deep root in the hearts of all Texans.

How To Kill Cotton Worms

THE TIME.

To control boll weevils, cut-worms and several other insects pests in the fall. Its the Ocober brood of most pests that winters over. Kill the October brood. How? First, a word about the pests.

Weevils live above the ground in winter and feed on cotton stalks and leaves, cut-worms feed on succulent weed and other roots in winter.

If you destroy their feed supply then break up the insects winter home, you kill most of them by starvation and exposure.

Everybody has been talking about boll weevils, cut worms, and a lot of other things that have been boring and bitting or chewing up cotton and, incidentally disfiguring farm profits and bank accounts. The farmer and everybody else has suffered including the railroads and this paper.

So, we have been testing and experimenting and a lot of other people have been doing the same thing, including the Taft Ranch.

Now, the funny part of it is that while cut worms were making poor crop stands for a lot of people last spring, the Taft Ranch had a very good one. We don't know everything about cut worms yet, but I have a very distinct recollection of the trouble we used to have when I was a boy about cut worms in fields where the corn was planted in clover or other seed but we didn't have much trouble in fields that had been cultivated and kept clean the year before.

This isn't a history of the cut worm, but it is pointed out that the grub of the cut worm goes in around the juicy roots of weeds and grass during the fall; it stays there and gets vigorous, and ready for business in the spring.

Every spring farmers want to know how to get rid of cut worms. Spring is not the time, fall is the right time and the way to do it is to keep the ground clean of weeds and grasses and see to it that the ground is plowed well and all turned over in the fall, so that the roots of all weeds will dry up and the cut worm grubs won't have anything to eat during the winter. Maybe every cut-worm can't be killed this way, but why didn't cut worms destroy the crops on the clean fall plowed lands of the Taft Ranch last spring?

It doesn't cost any more to plow the land in the fall than in the spring and it is worth while to try fall plowing and see if the trouble of replanting cannot be overcome and get a good stand of crops started off at once; but if you do try the experiment. let it be understood that all the ground will have to be well plowed so that all the roots are turned out.

Next week we will tell how fall plowing probably furnishes the best control method for the boll weevil in this territory.

TAR PARTY BREAKS UP PREACHING IN THE COUNTY OF JEFFERSON.

Beaumont, Texas, August 24.—Covered with tar and feathers and his naked body wrapped in a sheet a Honey Island man was dumped in the center of a church in that town Thursday night while services were being held. His appearance caused the immediate adjournment of services, according to repots reaching here today. The man was seized while driving from Honey Island to Saratogo, an oil town in Hardin county, by six unmasked men, all of whom were strangers, he said. After being treated with tar and feathers and warned to leave the community he was returned to the Honey Island church. He stated his captors charged him with failing to provide support for his wife.

RANGERS SAY WHISKEY MADE OF STATE SUGAR

20 SACKS ACCOUNTED FOR AND ARRESTS ARE EXPECTED AT ONCE.

Huntisville Texas, August 23.—Bootleggers and booze makers, operating in the shadow of the penitentiary walls, supplied with State owned sugar in the manufacture of their liquor, probably will finally go out of business here early next week, when it is expected a series of arrests will be made by State rangers and local officials.

An inviestigation that started last June already has resulted in the more than a dozen arrests, with charges filed in both local and federal courts. Evidence has been gathered painstakingly from many sources, and an early "clean-up" of the entire situation is promised.

Rangers, acting under personal orders from Governor Neff, were sent to Huntsville when local officers first found that still operations were using State prison sugar in their operations. Up to the present time a shortage of 22 barrels of sugar form the State prison store has been accounted for.

First odiscovery of the fact that the State's sugar was going into illicit booze came with the discovery of a still in the central portion of Huntsville in June. The discovery was made by firefighters when the building burned. The apparatus was carried from the place, and along with it a quantity of sugar.

This sugar was recognized as having come from the prison system, as the system manufactures its own sugar at a mill a few miles west of Houston. It is said to have a peculiar grain quite different from that of the usual commercial sugar, which makes it easily recognizable.

The fact that the State's sugar was involved in the cases is believed to have led to the sending of rangers. The rangers are reporting soley to the governor, however, and the exact nature of their findings has not been made public. Ranger Lee Shannon has been in charge of the investigation recently and is now in Austin to receive instructins frm the governor. He has been assisted by local officers, including E. R. Berry, county atrorney.

A phase of the probe that has received the most attention has to do with the disappearance of the sugar from the State prison store. Officers would not commit themselves but they let it be understood that they suspected collusion on the part of State employes, and did not believe the case solely one of theft on the part of outsiders.

A series of raids was launched the first of August by Ranger Shannon, aided by the local officers. Charges filed so far deal with the manufacture and sale of liquor but there are expected in connection with the disappearance of the sugar from the State prison store.

FINANCIAL STATISTICS OF THE CITY GOVERNMENT OF AUSTIN, TEXAS, 1922.

Washington, D. C. August 31, 1923—The Department of Commerce announces that according to reports made to the Bureau of the Census the costs of government for the City of Austin, Texas, for the fiscal year ended December 31, 1922, amounted to $1,288,359, which was a per capita cost of $35.62. In 1917 the per capita cost was $31.89 and in 1914, $28.27, the totals for these years being $1,071,109 and $905,723, respectively. The per capita costs for 1922 consisted of expenses of general departments, $19.05; expenses of public service enterprises, $8.91; payments for interest, $3.67; and for outlays $3.99.

The total revenue receipts for 1922 were $1,492,023 or $41.25 per capita. The per capita excess of revenue receipts over governmental costs was therefore, $5.63.

In Austin property taxes represented 47.7 per cent of the total revenue for 1922, 53.3 per cent for 1917, and 50.8 per cent for 1914. The increase in the amount of property taxes collected was 18.6 per cent from 1914 to 1917, and 45.7 per cent from 1917 to 1922. The per capita property taxes for the three specified years were $19.67, $14.54 and $12,86, respectively.

Earnings of pubilc service enterprises operated by the city represented 39.6 per cent of the total revenue for 1922, 35.2 per cent for 1917, and 35.2 per cent for 1914.

Business and no-business licenses were 0.2 per cent of the total revenue for 1922 1.2 per cent for 1917 and 1.4 per cent for 1914.

The net indebtedness (funded and floating debt less sinking fund assets) of Austin was $69,26 per capita for 1922, $83.08 for 1917, and $69.56 for 1914.

For 1922 the assessed valuation of porperty in Austin subject to ad valorem taxation for the city corporation was $36,249,538. The levy of all purposes for 1922 was $1,157,346, this being a per capita of: Total $32.00; City corporation, $15.54; School district, $6.10; State, $5.64; and County $4.81.

In all of the data shown for this city the transactions of the independent school district are included.

WHEN GOV SPARKS KILLED INDIANS IN TEXAS.

Gov. Sparks of Nevada was a lieutenant of Company I, Texas Frontier Battalion, in 1861, and did ranger duty near Santa Anna Mountains, two peaks that rise abruptly from the plains of West Texas, in Coleman county. He was detailed to follow a band of Comanche Indians who raided a settlement and committed murder in the Jim Ned Valley, close to Camp Colorado. After overtaking the Indians a fierce battle followed, several Indians were killed and wounded and the band utterly routed by the ranger force.

The old frontiersmen of Texas are dying gradually and it will not be very long before these pioneer stories which are published from time to time in our Magazine Section, will be almost unobtainable. Therefore while the facts are being published it is well for all of us to read them and remember the valiant part played by the old frontiersman in settling up Texas and preparing the way for the plow and the hoe.

The above story will appear in the Magazine Section of the Cameron Herald Sept. 13th. Subscription price after September 1 $1.50 per year. No extra charge for Magazine Section.
